Tax bills reddieo for area

Tax bills, already delayed two months, have been received from the county by the town collectors of the four townships in the Quad-City area who said they expect to begin collections of 1975 taxes during the first week of August.

The bills were obtained by the collectors from County Treasurer George Musso Tuesday, culminating a controversy over whether Musso would mail all tax bills directly from his office, thus bypassing the local collectors in preparation of the billings.

Local collectors contended that the bills should be mailed locally because of a large number of faulty addresses contained in some bills as a result of bad programming in

the county's data processing system.

Paul Rutledge, Granite City Treasurer and township collector, said Wednesday that apparently no corrections have been made in the addressing by the county and that as a result "all of the collectors around here can anticipate trouble with the bills again this year."

Musso's office, instead of mailing the bills directly, gave the bills without envelopes to the collectors who must purchase envelopes and provide postage for the mailing.

Rutledge said this amounts to about \$140 per 1,000 in mailing the bills.

Receipt of the bills this week is earlier than had been anticipated.

Electric trolleys once a popular travel link

(57th of a Bicentennial year Press-Record series)

Many Quad-Cityans recall the electric interurban car tracks that carried trains out Madison Avenue, McCambridge Avenue, Nameoki Road, Washington Avenue and other streets—as well as the trolley tracks connecting Venice and Madison with 19th Street and 23rd Street in Granite City.

The local tracks have long since been removed.

A few small towns in Illinois still have "railroad tracks" running down the center of their main streets.

These seem strangely out of place in the 1970s, but between 1900 and 1930 electric interurban lines provided additional links between many Illinois towns and the countryside.

They competed for financing and patronage with the newly

developed automobile, and furnished short-haul competition for steam railroads.

Receiving its power from a third rail or from an overhead catenary, the interurban provided two-thirds the speed of railroads but four to five times the frequency of service at half the fare.

Conveniently, the interurbans followed streetcar lines after entering larger cities.

The major burst of interurban promotion and construction occurred between 1901 and 1908. Illinois developed two systems of interurban lines.

One stretched out from Chicago to its suburbs and the other spread across the center of the state, with one arm pushing from St. Louis to Peoria and the other from Springfield through Decatur to Champaign.

Miss Madison County Fair Pageant tonight

By VALERIE EVENEDEN
Press-Record Staff Writer

The stage is set tonight in Highland for a gala pageant to select the first-ever Miss Madison County Fair.

Nineteen girls between the ages of 16 and 21 years, including eight young women from Granite City, Mitchell and Venice, will walk into the spotlight in evening gowns and swim suits.

Each has her heart set upon capturing the sparkling tiara and scepter, signifying her victory as the first Miss Madison County Fair.

The event begins with dinner at 6:30 p.m. today at the Madison County Fair Exposition Building in Linden Park, Highland.

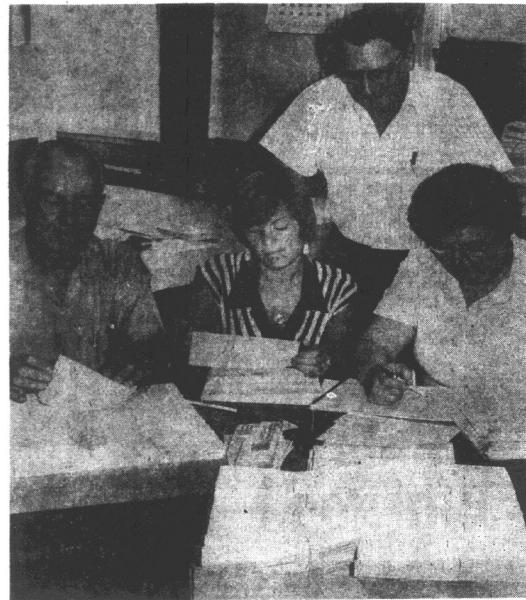

Dinner will be catered by the Ponderosa Steak Houses. At 7:30 p.m., the pageant and other entertainment will commence, followed by dancing to the music of Bob Kuban's Everyday People Band at 9 o'clock.

During the intermission, feats of magical skill will be presented by Granite City Patrolman John Apperson, an accomplished master of the art.

Tickets at \$10 for adults and \$5 for children, accompanied by an adult, may be purchased at the door tonight. The public is invited to attend.

The queen will be crowned by Miss Elaine Grossman of Ohio, Ill., the 1976 Illinois County Fair Queen. She is a sophomore at the Northwestern University at Evanston, where she is majoring in physical education.

Among the pageant judges will be Willard "Butch" Fortell,

RUSH JOB. Preparation for mailing 1975 tax bills gets under way at the office of Granite City Township Collector Paul Rutledge, standing, who received bills for Granite City taxpayers from the county treasurer's office Tuesday. More than 8,000 bills are to be mailed for mailing so that tax collections may begin Aug. 2. Seated from left, Elmer Hurry, deputy town collector, Miss Sandra Pellett and Mrs. Alma Cowan.

GC Steel rebuilding 61 blast plant ovens

A gradual shutdown of the "C" coke ovens battery at the blast furnace division of Granite City Steel is under way so that needed repairs may be made. The repairs will constitute a major rebuild of the 61 brick-lined ovens.

So far, 12 ovens have been

taken down and preliminary work has started. The entire group of 61 should be down by Aug. 6.

While "A" and "B" batteries will continue to operate, a spokesman said. The two have a total of 76 ovens for converting coal into coke for use as blast furnace fuel.

The shutdown will affect the jobs of 40 to 50 employees after the entire battery is down, although only a few have been displaced so far.

However, it is expected the coke ovens and coal handling people displaced will choose jobs in the blast furnace labor crew, rather than layoff, the spokesman added. Since the labor crew has been augmented for the summer by temporary vacation replacements—mostly college students—the latter will most likely be laid off.

During the shutdown, which is

scheduled to last until late November, Granite City Steel will have to supplement the production of the "A" and "B" batteries with purchased coke from outside sources.

This will add greatly to ironmaking costs, since purchased coke is extremely expensive.

County certain to ok Area 1 sewers—Sparks

No substantial problems are anticipated in approval by the Madison County Board Wednesday for the sale of general obligation bonds to finance the local share of construction of sanitary sewers in Area One (most of the populated areas of Nameoki and Chouteau

townships), Walter "Dick" Sparks, chairman of the county's special sewer committee, predicted Tuesday.

Sparks also said the board will be asked to withhold any action on Area Two (State Park Place) and Area Three (Eagle Park Acres, Cloverleaf and

East Madison) pending further study.

County Board Chairman Nelson Hagnauer had indicated he may ask the board to disapprove bond issues for Areas Two and Three, but a contingency of about 20 State Park Place residents was waiting in Hagnauer's office when he arrived Tuesday morning.

They requested him to withhold a decision on those areas and to hold them in abeyance pending further study on possible ways to finance the local share of construction in those areas.

Sparks meanwhile predicted, "We will proceed on Area One and resolutions now are being prepared for the board to pass July 21 calling for the sale of general obligation bonds and release of specifications to tentative bidders for sanitary sewers in Area One."

He added, "There is no doubt in my mind the petitions in Area One block the sewers fell far short of the 51 per cent needed to stop creation of the special taxing agency in that area necessary for the sale of bonds. In fact, I am absolutely satisfied they did not get 30 per cent of the signatures of either the registered voters or the property owners in Area One."

Madison County Clerk Evelyn Bowles said her office has been unable to run a computer check necessary to certify the signatures on the Area One petitions since the county computer has been busy preparing tax bills.

She predicted the data will be fed into the computer today or tomorrow and her employer will work during the weekend, if necessary, to assure that the petitions have been completely analyzed by Wednesday's board meeting.

Sparks estimated there were more than 1,700 registered voters who signed the petitions.

Carter nominated, chooses Mondale

Jimmy Carter won the Democratic nomination for president on an overwhelming first ballot victory Wednesday night. The ballots of the Ohio delegation pushed the former Georgia governor past the needed majority of 1,066 votes.

At 9 a.m. today, the Democratic presidential nominee announced U.S. Senator Walter F. Mondale of Minnesota as his choice for vice-president.

Reaffirming his acceptance of his party's nomination in light-hearted opening comments at this morning's news conference, Carter went on to

announce Sen. Mondale as his vice-presidential running mate.

A few minutes later, Sen. Mondale joined Carter at the conference and said, "It is a high honor and a great challenge" to be named by the presidential candidate and that his phone "apparently was out of order as it has not rang for three days."

Madison Square Garden exploded in a burst of cheering, dancing, and singing and delegates and visitors waved large green Carter posters.

On and off the record Flags stolen—mostly British

It was America's Bicentennial being celebrated in Granite City with a mammoth parade, festivals and special programs, but the British flags flying in the community as part of a historical flag collection went first and fast.

About 42 of the 102 flags erected by the Granite City Bicentennial Commission along Madison and Niedringhaus avenues and near Granite City

High School South were gone when inventory was taken late last week.

Most of those with the Union Jack (British flag) as part of the flag's makeup were stolen first, Richard Chosich, commission executive director, said this week.

The historical and state flags were installed less than two weeks ago and were intended to

be replaced by the Bicentennial Commission.

Sparks estimated there were more than 1,700 registered voters who signed the petitions.

GC schools delay loans

The Granite City schools will not have to borrow money this month to meet its obligations, but borrowing next month appears inevitable, the Granite City Board of Education was told Tuesday evening.

It had been planned to issue \$2,010,000 of anticipation warrants between July and when the first taxes are to be received in September.

Tully A. Heubner, director of business affairs for the public schools here, had completed the necessary arrangements with local financial institutions to sell some of the warrants this month and the others in August.

At Tuesday night's board meeting, a report from Heubner

noted the balance of the district's 1974 taxes, collected last year, was received from Madison County Treasurer George Musso July 2.

Heubner said \$122,490 in taxes was received, which would assist the district in meeting its obligations this month. B. J. Davis, superintendent of schools, also noted \$10,000 has been received recently from the Madison County Housing Authority reimbursing the school district for a portion of taxes lost from residents in public housing.

In order to further avoid borrowing during July, the board voted to transfer \$150,000 from the building fund to the educational fund which will

have to be repaid within one year.

Davis recommended the transfer, telling the board, "It will help us get through a crisis at the present time."

With the total of \$122,490 received, the administration recommended the board delay issuing anticipation warrants this month, but prepare to issue up to \$1,900,000 in warrants during August, beginning at the Aug. 3 board meeting.

In a later development, the Press-Record learned Wednesday that tax bills have been mailed to the township tax collectors and are to be mailed out over the next two weeks with collections beginning Aug. 2.

The distribution of taxes may begin before the end of August, which is two to four weeks earlier than anticipated.

The earlier collection will further reduce the amount the school district will have to borrow to meet its obligations.

Heubner had predicted that if \$2 million in tax anticipation warrants were issued for the educational fund, and if the money was repaid by Oct. 1, the district would have to pay interest of \$11,000 to \$12,000.

Reducing the amount the district will have to borrow and the length of time until the warrants are repaid is expected to greatly reduce the interest the district will have to pay.

Van Horn United Way division chairman

Donald Van Horn, executive vice-president of American National Bank has been named chairman of the Business Division of the 1976 United Way campaign.

The Business Division comprises finance, automotive, insurance and real estate companies. Van Horn and his group leaders plan to reach each of these businesses and their respective employees emphasizing a fair share gift from each.

Van Horn, who was chairman of Commercial Division II in the 1975 campaign, is on the board of the Tri-Cities Chamber of Commerce, Associated Retailers, and the United Way. He is a member of the Granite City Rotary Club.

50TH WEDDING ANNIVERSARY: Dr. and Mrs. George T. (Mary) Wilkins Sr., 2611 Cleveland Blvd., who were honored this week at an anniversary dinner given by their family at Charlie's Restaurant.

Dr., Mrs. G. T. Wilkins mark 50th anniversary

Dr. and Mrs. George T. (Mary) Wilkins Sr. celebrated their 50th wedding anniversary at a dinner hosted by their family Sunday at Charlie's Restaurant.

Dr. and Mrs. Wilkins Sr. were married on July 4, 1926 at Marion, Ill. They presently reside at 2611 Cleveland Blvd.

Dr. Wilkins is former superintendent of schools in Madison, former Madison County Superintendent of Schools and Illinois State Superintendent of Public Instruction.

Both Dr. and Mrs. Wilkins have been active in Quad-City civic affairs for many years.

Dr. Wilkins is a past District Rotary Governor and past president of the Madison Rotary club. Mrs. Wilkins is past president of Rotary Ann.

Both were active in Boy Scouts when their son, Dr. George T. Wilkins Jr., was a youth and achieved the Eagle Scout Award. Their son is a local pediatrician, is currently president of the Illinois Medical Association.

Prior to dinner a renewal of their marriage vows were heard by their minister, Rev. Dr. David Maxton of the First United Presbyterian Church in a double ring ceremony.

Mrs. Bonelyn Sullivan presided at the guest book.

A three-tier wedding cake was provided by Mrs. Fran Wilkins, which was served to the guests following the dinner.

Guest included four brothers of Dr. Wilkins and their families, Mr. and Mrs. Frank Wilkins of Sigel, Ill., Mr. and Mrs. Carl Wilkins of Cobden.

Ill. Mr. and Mrs. Lawrence Wilkins of Zephyr Hills, Fla., Mr. and Mrs. Homer Wilkins and son Wesley of Cobden, Ill.; Mr. and Mrs. Gilbert (Nellie) Knapp sister and brother-in-law of Dr. Wilkins from Anna, Ill. Other out of town guests were State Senator Sam Vadalabene of Edwardsville, Mr. and Mrs. Jerry Dotson, of Forest Park, Ill., Mr. and Mrs. Leon Treece and granddaughter Christy Beard of Anna, Ill.; Paul Treece of Carbondale, Ill., Mr. and Mrs. Melvin Peterson and daughters Melody and Kathy of Princeville, Ill.

Local guest included Mr. and Mrs. Eugene Gobbie, Henry George, Mrs. Colleen Evanoff and son David, Mrs. Sullivan, the Rev. Dr. and Mrs. David Maxton and W. F. "Mick" Strange of Madison.

Joseph Szamas mark 62 years

Mr. and Mrs. Joseph V. Szamas Sr. of St. Louis were complimented at a dinner party this week in honor of their 62nd wedding anniversary given by their son-in-law and daughter, Mr. and Mrs. Frank Wondra, 2664 East 27th St.

A tiered wedding cake inscribed with the date of their marriage centered the dining table.

Four generations of the family attended including the guests of honor, hosts, their son-in-law and daughter, Mr. and Mrs. Frank (Marilyn) Griffith and children Nancy, Jennifer and Mary Charlene of Granite City and Mr. and Mrs. James (Carole) Gwyn and son Jimmy of Kirkwood, Mo. Also present was Mr. and Mrs. Charles Creamer of Granite City.

News notes

Predictions of a bumper corn crop in Illinois could turn sour if the state does not "get some rain and get it quickly," according to state Agriculture Director Robert Williams, who said Wednesday the U.S. Agriculture Department's projections of a record 6.68 billion-bushel nationwide corn harvest this year could be cut sharply if the Midwestern drought continues.

Glen Carbon residents have been asked to limit water used between 5 and 9 p.m. until the village's water department completes water plant modifications, probably in mid-August.

An air pollution "yellow alert" was declared Tuesday.

It was declared in effect today for the area north of Interstate 57 and west of Interstate 55. The alert was caused by high levels of ozone in the atmosphere which were monitored higher than those of a similar alert a month ago.

Gov. Daniel Walker has cut more than \$105 million from the General Assembly's appropriations in approving two-thirds of his proposed \$9.9 billion budget for this fiscal year. Walker, in a veto message, said he is attempting to prevent a budget deficit.

The monthly meeting of the Southwestern Illinois Council of Mayors will be held Wednesday, July 28, at Augustine's Restaurant, Belleville.

The dinner session will begin at 7:30 following a social hour.

Wednesday was the eighth consecutive day of temperatures in the 90s, with 99 degrees reached Tuesday and yesterday. The latest forecast rainfall was a quarter of an inch that dampened the area July 7.

A suit will be filed in U.S. District court by members of the Black Concerned Operators of Local 520, Operating Engineers, in an effort to get an increased number of minority engineers employed on local area jobs, according to Thomas Glenn, secretary, who made the announcement at a press conference in Granite City.

Power outages

hit area homes

A total of about 220 homes in Granite City and Venice were without electrical power for periods ranging from one hour to two hours yesterday evening after a peak demand for electricity caused four unrelated branch station fuses to blow, a spokesman for Illinois Power Co. said today.

The first power outage was reported about 5:30 p.m. yesterday and the others followed a short time later.

The hot weather with many air conditioners operating, coupled with many persons cooking in electric ranges, using television sets and having lights on at that time was deemed responsible for the branch stations becoming overloaded.

All of the power had been restored by 9 p.m.

The spokesman for the power company said the areas of the outages centered around Sunset Hill, Lincoln Avenue, the Franklin Avenue area and in a portion of Venice. Portions of the Bellevue area also were connected to one of the fuses which blew.

The demand for electricity over the Illinois Power Co. peak of 2,475,900 kilowatts on Aug. 22, 1975, and the first time the 1975 record has been exceeded in 1976.

A kilowatt hour record also was set with the more than 478,000 I.P. electric customers over one-fourth the land area of Illinois using 49,838,033 kilowatt hours of electricity on Wednesday. This was 4.5 per cent above the 1975 record of 47,711,896 kilowatt hours on Aug. 22, 1975, and the first time this summer that usage has exceeded the 1975 top figure.

Arrest two at River Fest

University police made two arrests Tuesday night at the Mississippi River Festival (MRF) on the campus of Southern Illinois University at Edwardsville.

Nick L. Sayle, 17, University City, Mo., was taken to the Madison County Jail on charges of illegal possession of drugs. Police said Sayle had drugs which were suspected to be cannabis, opium and amphetamines.

According to police, at the time of the arrest, Sayle was free on bond pending trial at St. Clair County for illegal possession of cannabis. He was arrested on the charge in Fairview Heights in March.

James L. Triplett, 17, of St. Louis, was charged with reckless driving after his vehicle allegedly struck Loren Ankard, a student worker who was directing traffic at the MRF. Police said Ankard did not require medical treatment. Police said a knife was confiscated from Triplett.

Junior Olympics' in park Saturday

The Granite City Park District "Junior Olympics" tournament to be held Saturday on Diamond 8 in Wilson Park, beginning at 9 a.m. under the direction of Mrs. Helen Bjork, will be open to the public.

Participants representing their respective playground centers are asked to bring a sack lunch.

The youthful competitors will march with their playground flags to the bleacher area.

Two sought in burglary

Police are searching for two young men believed responsible for burglarizing the mobile home of Mrs. Juanita Jones, 63 Parktowne West, during the weekend.

A window was pulled out of the rear door to gain entry to the mobile home. The bedrooms were ransacked and a stereo, three speakers, a television, and a jewelry box containing costume jewelry were taken. The value of the items taken was estimated at \$559.

At 12:45 p.m. Sunday, Police had seen a prowler in the area of West 22nd Street and Leyden Avenue who fled into the

Charge filed for discharging gun

John "Jiggs" Stanton Jr., 39, of 2039 Edison Ave., went to St. Elizabeth Hospital with puncture wounds to his chest and abdomen after a shotgun was fired near him in the 2400 block of Adams Street at 7:50 p.m. Monday.

Authorities said they believe the wounds were chigger bites, rather than gunshot wounds, but Stanton left the hospital before being examined.

Police have charged Robert R. Lindsey, 41, of 2461 Adams St., with discharging a firearm within the city limits. Lindsey alleged he could not get Stanton to leave his yard and fired a shotgun blast into the ground as a warning.

Police asked Lindsey for the shotgun and he took them to a house two doors from his house where the gun had been placed inside a screen door, officers reported. Stanton was found walking south on Adams Street nearby and was later taken to the hospital.

Dr. F. E. Shipley attends convention

Dr. F. E. Shipley, 3278 Edgewood Ave., attended the American Chiropractic Association convention in Houston, Tex., where chiropractic leaders and delegates from 50 states and seven foreign countries gathered.

Heading the educational and business session was Dr. William H. Dallas of Tacoma, Wash., association president. Items on the agenda included results of latest chiropractic research, matters related to benefits available to senior citizens under Medicare, expansion of research and continuing education and the election and installation of officers.

Professional workshops and seminars, educational sessions and presentation of papers also concerned the participants.

New associates at Whitt Realty

Robert G. Applegate and Steven C. Seuss have been named as sales associates at Whitt Realty, 3516 Nameoki Road, it was announced Tuesday.

Applegate has been a Granite City resident 12 years. He attended local schools and graduated from GCIS in 1971. He will graduate from Belleville Area College in January 1977 with an associate's degree in applied science with minors in real estate and communications. He has held a high honor student rating on the dean's list and has been tutoring for Coordinated Youth Services since January.

He lives with his wife Kathie at 3801 Lake Drive and is the son of Mr. and Mrs. George G. Applegate, 1944 Benton.

Seuss has been a Granite City resident 20 years. He attended local schools and graduated from GCIS in 1968. In 1972, he graduated from Southern Illinois University with a BA in speech communications and English. For the past four years, he has taught in the Signal Hill School in Belleville.

He is married to the former Barbara Jean Sage, and they reside at 1312 Twenty-fifth St.

Parktowne West area. Five young men believed responsible for the mobile home park reported he had seen a young man running toward Harding Boulevard while carrying several large items.

The witness chased the young man to a cyclone fence where the youth dropped the items he was carrying, climbed over the fence and escaped.

The witnesses showed officers three speakers the youth dropped near the fence. It was later discovered they were among the loot from the Jones home.

The same witness later saw another young man near where the speakers were dropped, but the youth denied any knowledge to the incident and left the scene.

Book profits to hospital

Word has been received here that profits from a cookbook, "Lee Wade's Korean Cookbook," Korean recipes in English by an American woman who died cancer three years ago in Seoul, Korea, have been donated to the Chonju Presbyterian Hospital.

Dr. David Seel, director of the hospital, received \$711 from John Wade, one of the deceased Lee Wade's two sons, at the Wade home in Seoul.

The eight-year-old boy made the donation on behalf of his family, which includes his father, James Wade, and 10-year-old brother, Adam. James Wade is the son of Mr. and Mrs. E. J. Wade of Granite City and has made his home in Seoul for the past 16 years.

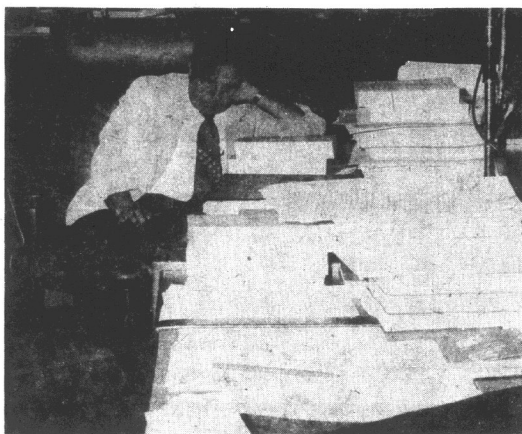

Also at the presentation was Sandra Mattelli, illustrator and designer of the cookbook, published posthumously. Mrs. Wade lived in Korea from 1960 until her death from cancer in 1973 at the age of 36.

For most of that time she was employed by the library system of the Eighth Army Recreation Services. In collaboration with her long-time housekeeper, Mrs. Kim Sam Sun, she learned Korean cooking. Anyone interested in obtaining the cookbook may call 876-2682 for further information.

GRANITE CITY PRESS-RECORD Thurs., July 15, 1976

Eight cars burglarized

Auto burglars netted only two speakers, \$1 in change and two trading stamp books by breaking into eight cars near West 20th Street and Dewey Avenue Monday night.

Seven of the vehicles were

parked in the 2000 block of Dewey Avenue and one was in the 2200 block of West 20th Street when all were entered, searched and the glove compartments ransacked.

The trading stamp books were taken from the car of Karen Williams, 2200 W. 20th St., parked unlocked in front of her home.

The speakers and \$1 change were taken from the car of Norman Sanders, 2037 Dewey Ave., parked at his home. An unlocked vent window was opened to gain entry.

The cigarettes were taken from the car of Fred Wicker, 2335 Dewey Ave., parked in the same block.

Nothing was taken in the other cars, but some were damaged. Victims were: Ronald Reipe, 2006 Dewey, right wing vent window broken and hole punched in trunk lid; Bob Gafford, 2021 Dewey, right vent window broken in car and in pickup truck; Janet Burfield, 2021 rear Dewey, right vent window broken, and Margaret Tinsley, 2025 Dewey, hole torn in plastic cover over windshield.

The interiors of all the cars had been searched and the glove compartments ransacked.

Joann Kambitch wins scholarship

Miss Joann M. Kambitch of Granite City has been selected to receive the MacMurray Scholarship for the 1976-77 academic year at MacMurray College.

Miss Kambitch, a graduate of the Granite City High School, is the daughter of Mr. and Mrs. Joseph B. Kambitch, 3233 Colgate Place. She plans to major in social science at MacMurray.

MacMurray is a private four-year coeducational liberal arts college offering 39 departmental majors and 10 pre-professional programs leading to bachelors degrees in the arts, science or music and an associate of applied science degree in the administration of justice. The college features a competence-oriented academic program and a new \$4.1 million education complex.

Plans airport decision by Labor Day

Cong. Melvin Price (D-23rd Ill.) said Tuesday that Secretary of Transportation William T. Coleman has indicated that he hopes to announce his decision on the St. Louis airport controversy before Labor Day.

According to Price, the transportation secretary is giving the matter careful consideration and plans to accompany his decision with an extensive written explanation about 124 pages in length. Secretary Coleman made these remarks about the airport dispute at a Capitol Hill appearance last week where he was questioned about the issue by members of Cong. Price's staff.

Joseph Harding new deputy of Elks district

Joseph L. Harding of Granite City has been appointed a district deputy grand exalted ruler of the Benevolent Protective Order of Elks in the Southwest District of Illinois. The appointment was made during the Elks national convention at Chicago by George B. Klein, Lincoln, Neb., newly elected grand exalted ruler of the BPOE of the United States. Harding long has been prominent in the work of Elksdom. He is a past exalted ruler of Granite City Lodge 1063, past vice-president of the Southwest District and a former member of the board of directors of the Illinois Elks Association.

He was chaplain of the Illinois Elks Association in 1974-75, and since 1973 has been a director of the Elks National Bowling Association.

His area of responsibility includes supervising Elks lodges in Granite City, Fairview Heights, Jerseyville, Pana, Taylorville, Litchfield, Belleville and Carlinville in Illinois.

He is employed as secretary and assistant treasurer of the Tri-City Grocery Co.

CONGRATULATIONS are given Joseph Harding of Granite City, left, upon his appointment as district deputy grand exalted ruler of the Southwest District of Illinois of the Benevolent Protective Order of Elks at the national convention in Chicago. The appointment was made by George B. Klein, right, newly-elected grand exalted ruler of the BPOE of the United States.

Promote Simpson

Glenn T. Simpson has been appointed manager of personnel relations for AMSTED Industries, it has been announced in Chicago by A. C. Smith, personnel relations director.

Simpson joined AMSTED in 1972 as a personnel assistant and since January, 1973, had been serving as personnel supervisor. He is a 1972 business administration graduate of Northern Illinois University, DeKalb.

AMSTED is a broadly diversified manufacturer with annual sales of about \$500,000,000. It operates 10 divisions with a total of 34 plants, has approximately 10,000 employees, and serves such markets as the railroads, construction and building, and general industry.

Price regrets veto of employment bill

Cong. Melvin Price (D-23rd Ill.) has expressed regret over President Ford's veto of the Public Works Employment Act of 1976.

This comprehensive jobs bill would have meant more than \$1.5 million in anti-recession, public service grants for this area, in addition to funds being available for public works and water treatment facilities.

"Congress has been working hard to put together a program that would help decrease unemployment and would also be acceptable to the administration," said Congressman Price, "but it seems that the President is

determined to hamper our efforts."

"And just why I don't know," the Illinois lawmaker continued, "for the President claims that since unemployment is currently at 7.5 per cent, the job market needs no further stimulation because the unemployment rate was 8.5 per cent last year."

"He is ignoring the fact that the 7.5 per cent figure does not appear as a result of a downward trend from 8.5 per cent, but rather from an upward trend from 7.2 per cent."

"So unemployment is beginning to increase again, and I think that we should take whatever steps may be reasonable and necessary to get the economy back on the right track."

"When Congress reconvenes after the Democratic Convention," Price declared, "the override of the President's veto should be given top priority."

Neighbors file cross charges

A neighborhood disagreement at 4:45 p.m. Tuesday led to two neighbors signing disorderly conduct complaints against each other.

Charged by each other were Leonard D. Wade, 34, of 2947 Marshall Ave., and David Ely, 25, of 2845 Marshall Ave.

At 7:20 p.m. Tuesday, police were checking the jail cells and found about one-half inch of water on the cell floors. The alleged Ely had placed his blue jeans and his tee shirt in the lavatory stool and was flushing it repeatedly.

Police then signed a second complaint of disorderly conduct against Ely.

At 7:55 p.m. Tuesday, a 18-year-old boy friend of Ely's appeared at the police station, unhappy over Ely's arrest. Police alleged the boy used abusive language toward officers and threw a chair in the lobby.

He was ordered to leave several times, but officers said he refused and he was arrested and charged with a juvenile charge of disorderly conduct.

Mrs. Donna Meyer of Vinita Terrace, Mo., entertained guests at a miscellaneous bridal shower honoring Miss Peggy Ham of Granite City last week.

The lawn party was attended by 35 women from the St. Louis, Perryville and Ste. Genevieve, Mo. area. Co-hostesses included Mrs. Virginia Tracy, Mrs. Mildred Yonkers and Mrs. Marie Tucker.

Miss Ham is a daughter of Mr. and Mrs. Clarence Ham, 2577 Spalding Ave. Her fiancé, James Tucker is a son of Mr.

and Mrs. Robert Tucker Sr. of Florissant, Mo. They will be married on July 24 at Emmanuel Baptist Church, 1800 Pontoon Road.

A surprise party was given earlier in the week for the engaged couple by the groom's brother and sister-in-law, Mr. and Mrs. Robert Tucker Jr. of Florissant.

A buffet dinner was served by the hosts to 19 couples including members of the bridal party, after the honorees opened their gifts.

COY JACKSON Nurse graduate

Coy Jackson graduates

Coy LaTee Jackson, son of Mr. and Mrs. Vernell Jackson of 1213 Douglas Ave., Venice, was one of 56 nursing students who received diplomas from the Lutheran Hospital School for Nurses at commencement Sunday afternoon.

The graduation was held at Centennial Hall, Augustana College, Rock Island, Ill. The commencement address was "Challenges in Nursing," given by Dr. Annie L. Lawrence, Nursing Education Coordinator, Department of Registration and Education, State of Illinois. The diplomas were presented by Richard E. Swanson, chairman of the Board of Directors of Lutheran Hospital.

Baccalaureate service was held Sunday morning at St. John's Lutheran Church, Rock Island. The Rev. Roger Dahlin, pastor of St. John's Lutheran Church, conducted the worship service. He was assisted by the Rev. Ronald K. Hasley, Director of Chaplaincy Services and the Rev. Curtis E. White, Chaplain at Lutheran Hospital.

A reception for 600 relatives and friends of the class was held at Centennial Hall following the commencement service. Rainbow colors, the class colors, were used in the appointments on the serving table. The centerpiece was made of daisies and baby's breath.

Beginning Oct. 4, Jackson, will be employed as a staff nurse at Lutheran Hospital, Moline, Ill., where he will work for a year and then enroll in the University of Kansas, Kansas City, Kan., to study anesthesiology.

CAR BREAKS POLE

David Hubbard, 19, of 2457 Center St., was injured when his car crossed Benton Street, left the pavement and struck a utility pole in Wilson Park near Michigan Avenue at 2:45 p.m. Wednesday. The impact broke the pole. Hubbard, who was charged with reckless driving, was taken by ambulance to St. Elizabeth Hospital where he was admitted with cuts to his upper lip and forehead. The cuts were sutured and x-rays were taken.

AWARD TO PHARMACY at St. Elizabeth Hospital is made by Eli Lilly Co. in recognition of outstanding community health service. The pharmacy has filled four million prescriptions since its opening in 1921, two million of which were filled since 1967. Morris P. Deewall, registered pharmacist sales representative of

the Eli Lilly Co., called the achievement "a milestone" and "an award that very few will receive." Accepting the award from Deewall on behalf of the entire pharmacy staff are pharmacy advisor Sister Benedict and pharmacy director David E. Davis. At far right is St. Elizabeth's vice-president, Paul Raczewicz.

Probe delay in traffic case

Samuel N. Fazio, 32, Granite City, coordinator of case assignments for the Madison County Circuit Clerk's office, was relieved of his coordinator's duties Tuesday and went on vacation until five traffic charges pending against him since Nov. 11 can be satisfied.

Madison County Circuit Clerk Willard V. "Butch" Portell said he learned Tuesday that the charges against Fazio had not come to settlement or trial and called Fazio into his office. Portell related that Fazio told him he had delayed the case temporarily, but had tentatively set it before Judge Edward Ferguson in September.

Fazio was charged with leaving the scene of an accident, attempting to elude police, speeding and violating a stop sign and a red light. He allegedly had an accident with a woman in a car and when the woman got out of her car to inspect the damage, Fazio's auto struck her and left the scene, according to authorities. Police alleged chasing Fazio's car before stopping it in Edwardsville. Madison County State's

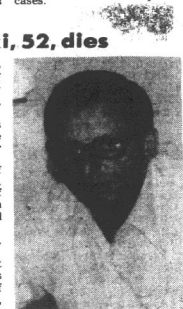

Attorney Nicholas G. Byron said he investigated the case this week and found Fazio had been negotiating on the charges.

Casimir Rozycki, 52, dies

Casimir L. Rozycki, 52, of 4455 Sara St., a lifelong resident of the Quad-Cities, died Tuesday evening at Jewish Hospital, St. Louis.

A.O. Smith ups dividend

The board of directors of A. O. Smith Corporation Monday voted to increase the regular quarterly dividend to 20 cents per share of common stock, up from the previous rate of 15 cents per share. The dividend is payable Aug. 16, to shareholders of record July 30.

A. O. Smith expects substantially improved earnings from continuing operations through the first half of 1976 compared with the same period last year, according to L. B. Smith, chairman and chief executive officer.

In May, 1975, the company reduced its quarterly dividend from 19 cents per share to 15 cents because of poor profit performance.

A. O. Smith is a diversified manufacturer of electric motors, auto and truck frames, agricultural feed storage and handling systems, water heating equipment, glass fiber reinforced plastic pipe, metal powder and computer services. The corporation operates an auto frame plant in Granite City.

2 hurt in ballgame disturbance

A disturbance during a baseball game at Worthen Park at 10:10 p.m. Tuesday resulted in injuries to two ball players.

David Sparks, 2401 Pontoon Road, suffered a two and one-half inch cut to his head and other injuries during the game. The head cut was inflicted by a man who ran onto the field with a baseball bat and struck Sparks with the bat.

Also injured during the game was John Pashea, 22, of 2554 Spalding Ave., who was struck on the jaw with a fist. X-rays were taken at St. Elizabeth Hospital and he was released. Sparks had 13 sutures administered to close the cut to his head. He also was treated for abrasions to his right elbow and a cut to his left knee suffered while sliding into a base. X-rays were taken and he was released.

CAR STOLEN, BURNED

The auto of Paul A. Besserman, 2840 Edgewood Ave., was found burned on the levee north of Granite City, Madison County sheriff's deputies reported at 5:50 a.m. Tuesday. Besserman was contacted and said the car had been stolen sometime after 11:30 p.m. Saturday from his home.

BURGLARY ON GRAND

Two watches, a set of wedding rings, a \$125 woman's diamond wedding band and a man's ring and \$135 cash were stolen from the home of Andrew Timko, 2263 Grand Ave., during a burglary discovered at 8 p.m. Tuesday. The front door knob had been broken off to gain entry through the doorway.

Tax bills

(Continued from Page 1)

anticipated. Because of delays in completing assessments, which in turn tied up extension of tax rates, some county officials had predicted bills would not be completed until about mid-August.

Collectors in the four townships of the Quad-Cities agreed today on Aug. 2 as the date for beginning collections. None of the four collectors have yet received their tax books, and a large number of billing items will not be available until the mailing process is completed.

While taxpayers will receive two tax bills—each for one-half of the bill—both will be due by Sept. 1 before a penalty of one per cent per month on unpaid bills becomes effective. This is the first time in the memory of workers in the county treasurer's office that taxpayers will be required to pay their bills in one installment.

In the past, bills usually have been mailed in May for a collection beginning in June, with an Aug. 1 due date on one installment and a Sept. 1 deadline on the second installment.

Rutledge said he expects to complete bill mailing by the end of the month with collections to begin Aug. 2. No payments may be made at his office in the City Hall, but taxpayers may mail payments to the office.

Payments may be made during regular banking hours at all banks in Granite City, he said.

Richard Peck, Nameoki Township collector, said he will follow a similar pattern. Beginning Aug. 2, payments by Nameoki Township taxpayers may be made during banking hours at a collection office in the Granite City Trust and Savings Bank. Payments by mail may be made to Peck's office, 2011 10th St., Madison.

Venice Township Collector Jerry Maeras said his tax collection period also will begin Aug. 2, with bills payable, either by mail or in person, at the town collector's office at 422 Madison Ave., Madison.

In Chouteau Township, Collector Charles Lexow has arranged a series of tax payment dates at which taxpayers may pay their bills in various parts of the township. Payments also may be made at Lexow's office, 720 Old Alton Road.

Special payment dates include: Aug. 6 and Aug. 30 at the Mitchell Water District office; Aug. 3 and Aug. 17 at the South Roxana Village Hall; Aug. 5 and Aug. 19 at the Hartford Village Hall.

Summer weddings of Quad-City residents

MR. AND MRS. HAROLD L. CASE. They were married at St. John United Methodist Church in Edwardsville. Formerly Miss Laura Michelle Moore, the bride is a daughter of Mrs. Jeannette Moore of Collinsville and William L. Moore of Edwardsville.

Miss Laura Moore and Harold Case are wed

Miss Laura Michelle Moore and Harold Lee Case were united in marriage in a candlelight setting at St. John United Methodist Church in Edwardsville on June 18.

Baskets of white daisies, carnations and baby's breath decorated the altar and hurricane lamps, festooned with greenery, illuminated the white carpeted aisle for the double ring ceremony performed at 7 o'clock in the evening by the Rev. William B. Lewis.

Parents of the bride are Mrs. Jeannette Moore, 1060 Lafayette Court, Collinsville, and William L. Moore, 809 N. Main St., Edwardsville. The groom is a son of Mrs. Verna Mae Case, 737 Broadway, Venice, and Gordon Case of Florida.

Nuptial selections were provided by organist Mrs. Ruth Kassing and soloist Mrs. Audrey Derrin.

The bride wore a long white gown fashioned with an Empire bodice, Victorian stand-up collar and cap sleeves of Alencon lace. An A-line skirt of organza appliqued with lace motifs extended into a chapel train. An Alencon lace cap edged with seed pearls secured her veil of bridal illusion. She held a nosegay of white daisies and baby's breath intermingled with green, yellow, blue and lilac carnations.

Matron of honor Mrs. Leslie Behrhorst, a sister of the bride, chose a long Empire style flopped floral print dress in blue and green hues, over blue crepe.

The A-line skirt was enhanced with a lace band at the waist. She wore a blue picture hat and held a nosegay of white roses, daisies and blue baby's breath.

Bridesmaids Mrs. Susan Grothaus, Miss Melissa Curry, Miss Karen Myracle, a niece of the groom and Miss Kelly Moore, the bride's sister, selected identical gowns underlined in green, yellow, white and orchid and wore wide brimmed picture hats to match their attire.

Each carried a nosegay of white daisies intermingled with baby's breath in pastel colors.

A niece of the groom, Kimberly Myracle, served as flower girl. She was dressed in a white voile over mint green crepe gown with a high rise waist, stand-up collar and cap sleeves, trimmed with Venice lace and full gathered skirt.

She wore a green ribbon in her hair and carried a basket of

multi-colored daisies and baby's breath.

The groom chose Keith Garner as best man. Don Myracle, the groom's brother-in-law, Rick Haldi, Kenny Myracle, a nephew of the groom, Craig and Scott Moore, brothers of the bride, Bill Ryan and Mike Hendrix completed the corps of groomsmen and ushers.

Assisting at the reception held at the American Legion Hall in Edwardsville were Theresa Hachthal, Victoria Sanford, Lisa Moore and Mindy Firkus. A rehearsal dinner was hosted at Ackerman's Restaurant in Edwardsville. She was a member of Pi Sigma Alpha, a scholastic honor society for women. She is currently employed as a caseworker for the Illinois Department of Public Aid, Edwardsville.

The groom graduated in 1969 from Venice High School and from Southern Illinois University at Edwardsville with a B.S. and M.S. degrees. He is a member of Kappa Delta Pi, an honor society in education and is a job placement representative for the Illinois Department of Public Aid.

They are residing in Edwardsville.

Moose lodge enrolls four

Granite City Moose Lodge 272 held a class enrollment ceremony during the weekend, initiating four new members.

The event took place at the Moose Club, 19th and Adams streets.

Enrolled in the local lodge were Tom Fenney, Donny Miner, Gene Goff and Harry Ellsworth, class representative.

Four out-of-town Moose members assisted in the ceremony.

Dinner and dancing followed the initiation.

Members helping with the lodge float, entered in the community's Bicentennial parade, were congratulated by Governor Fred Miller.

The volunteer workers included Virgil Singler, Larry Lane, Jim James, Charles Westbrook, Cotton Singler and Ray Stevens.

MR. AND MRS. WILLIAM G. BAGI whose wedding took place at the Nameoki United Presbyterian Church. The bride is the former Miss Vickie Ann Dennis, a daughter of Mr. and Mrs. James R. Dennis, 2704 West 20th St.

Vickie A. Dennis bride of William George Bagi

The wedding of Miss Vickie Ann Dennis and William George Bagi was solemnized on June 19 at the Nameoki United Presbyterian Church, 1700 Pontoon Road.

Marie Mitchell sang, "If We've Only Just Begun" and "Twelfth of Never" accompanied at the organ by Mrs. Valerie Stevens.

The Rev. Don F. Pierson officiated at the double ring ceremony at 7:30 in the evening. Bouquets of summer blossoms adorned the altar and the pews were marked with white satin bows.

Parents of the bride are Mr. and Mrs. James R. Dennis, 2704 West 20th St. The groom is a son of Mr. and Mrs. Albert F. Bagi, 3119 Harvard Place.

Escorted to the altar by her father the bride wore a long silk organza A-line style gown fashioned with a high Chantilly lace collar, sheer yoke and long sleeves enhanced with daisy motifs appliqued from the shoulder to the wide ruffled cuffs at the wrists.

Daisy appliques were repeated on the skirt and defined the gathered flounce at the hemline, which formed a chapel train.

A daisy lace headpiece held her fingertip veil of bridal illusion.

Honor attendant Constance Lippe and bridesmaids Dimple A. Page, a cousin of the bride, Cindy Arnold and Penny J. Downs, chose pale blue chiffon dresses.

Their gowns were designed with Empire bodices, high necklines and A-line skirts worn with matching capes to create a short sleeve effect.

Each attendant wore a matching wide brimmed hat.

Rhonda L. Dennis, the bride's cousin, the flower girl, was dressed in a blue double knit frock and cape. A wide ribbon embellished with pink flowers marked the waistline.

Timothy J. Dennis, a brother of the bride, served as ringbearer.

Richard W. Williams attended the groom as best man. Scott J. Wilson, Philip A. Davis and Richard A. Byers were groomsmen.

MR. AND MRS. MICKEY SEALEY who were united in marriage at the Mitchell Assembly of God Church. The bride is the former Miss Sonja D. Cornman a daughter of Mr. and Mrs. Frank D. Turner, 5109 Rapp Road.

Sonja Cornman becomes Mrs. Mickey J. Sealey

Miss Sonja D. Cornman became the bride of Mickey J. Sealey in a double ring ceremony at 12 noon on July 4, performed by the Rev. E. L. Aubuchon, at the Mitchell Assembly of God Church.

Parents of the bride are Mr. and Mrs. Frank D. Turner, 5109 Rapp Road. The groom is a son of Mrs. Patricia Sealey, 4118 Division St. and the late Samuel Sealey.

Organist Mark Cox played a program of nuptial selections. For her wedding the bride wore a floor-length gown of antique white satin made by her mother. The high collar and oval yoke was fashioned of white lace and the long Victorian style sleeves were appliqued with lace motifs.

Her lace bordered veil was held in place with a lace and pearl headpiece. She carried a bouquet of white daisies, red Sweetheart roses and baby's breath.

Maid of honor Miss Sheryl Freeman selected a blue satin floor length gown, accented with white lace. She wore a white picture hat and held a bouquet of red and blue carnations and baby's breath.

The groom chose Michael Ufert as best man. Handy Cornman and Kenneth Hogan served as ushers.

Guests were received by the newly married couple at a reception held in the church fellowship hall after the ceremony.

They are now residing in Granite City. A graduate of Granite City High School North, the bride is now employed at the First Granite City National Bank.

The groom is currently working at Bulk Service Corp. and is also a graduate of North High School.

Tammi Wickham party honoree

Mr. and Mrs. Larry Wickham, 2040 Benton St., hosted a surprise party during the weekend honoring their daughter, Tammi Lynn, on her fourth birthday.

A circus theme was used to decorate the serving table and cake.

Games were played followed by a luncheon served by the hosts.

Those attending included the honoree's sister Wendy, grandparents Mr. and Mrs. Kermit Wickham and Mr. and Mrs. Robert Bennett and children, Cindy, Robert and David, Curt and Bonnie Wickham, Linda Crider and daughters Terri, Tammy and Tracy, Mrs. Mary Bennett, June Schneider, Elmer Meyer, Kim and David Warren, Jolene, Christie and Marsha Wickham, Ronnie and Angela Pinkston, Mike Jackson and Ed Prazama.

MARRIED. Air Force Corporal and Mrs. Clark Stanley Ray Jr. whose wedding took place at the First United Methodist Church in Venice. The bride is formerly Gloria Cynthia Johnson, a daughter of Mr. and Mrs. Willie C. Johnson Sr., 500 Third St., Venice.

Gloria Johnson marries Corporal Clark Ray Jr.

The First United Methodist Church in Venice was the scene of the wedding on June 12 of Miss Gloria Cynthia Johnson, a daughter of Mr. and Mrs. Willie C. Johnson Sr., 500 Third St., Venice, and Air Force Corporal Clark Stanley Ray Jr., son of Mrs. Darlene Ray, 222 Kerr St., Venice.

Bouquets of pink and blue carnations intermingled with baby's breath decorated the altar for the candlelight ceremony performed at 7 p.m. by the Rev. Edward Sinclair.

Organist Miss Peggy Rier accompanied Miss Tammi Eck as she sang, "The First Time Ever I Saw Your Face" and "More."

For her wedding the former Miss Johnson chose a full length white satin Empire style gown featuring a high neckline and long sleeves trimmed in lace.

She wore a cathedral cap to hold in place her lace bordered veil appliqued with lace motifs.

Her bouquet was an arrangement of pink and blue carnations and baby's breath centered with a cluster of white roses.

Both the matron of honor Mrs. Judy Thompson, a sister of the bride and the flower girl, Lori Odom, wore long blue A-line dresses fashioned with butterfly sleeves.

The honor attendant held a

bouquet of blue carnations and pink baby's breath and wore a blue straw hat and the flower girl carried a white basket of pastel carnation petals.

Bridesmaids Mrs. Marie McKinney, a cousin of the bride, Miss Tammi Eck and Miss Sharon Taylor selected pink gowns complemented with pink wide brimmed hats.

Each held a pink carnation nosegay with touches of blue baby's breath.

The groom chose his brother, William Stephens Sr., as best man. Mike Bagley, Gary Hawkins, George Panatelli, Ronnie Martin and William Stephens Jr., a nephew of the groom, completed the corps of groomsmen and ushers.

Randy Odom served as the ringbearer.

Mrs. Johnson, mother of the bride, chose a long blue gown and the groom's mother, Mrs. Ray, appeared in a full length pink dress. Both wore white accessories and white carnation corsages.

A reception was held at the Operating Engineers Hall in Mitchell after the service.

Both young people are graduates of Venice High School. They will live at Cape Canaveral, Fla. where the groom is serving with the U.S. Air Force.

Post 113 victorious in 2 of 3 outings

Tri-City American Legion Post 113 dropped an 8-7 decision Monday to O'Fallon, and then rallied to win two straight games in District 22 Legion Baseball League competition, 7-0 Tuesday at Mascoutah and 10-8 last night here against Collinsville.

With two league contests remaining to be played before post-season playoffs get underway, Tri-City is in sole possession of second place in league standings with a 12-8 record. Belleville at 18-2, has clinched the league title.

A three-run triple in the fifth inning last night by Jeff Scarborough provided the winning margin over Collinsville.

Relief hurler John Pritchard got the win after replacing starter John Lakin on the mound in the fourth, and Paul Evans saved the win, pitching in the final inning.

Trailing 10-8 in the seventh, Collinsville loaded the bases with two outs when Evans entered the game and he retired the side on strikeouts.

Post 113 scored twice in the opening inning on solo homers from each Scarborough and

Pritchard, and then added two more in the third on hits by Lakin and Tom Hennrich, a walk to Pritchard and a hit by Eldon Warfield.

Collinsville went ahead in its half of the third frame, putting four runs across. In the fourth, Tri-City tied the score at 6-6 when Randy Smith singled, Evans, Hennrich and Scarborough all walked, and a fielder's choice allowed a runner to score.

Tri-City's Legionnaires blanked Mascoutah Tuesday with Evans pitching a three-hitter while going the distance on the mound.

Post 113 scored three runs in the first, one in the second and three more in the fifth.

O'Fallon Monday held an 8-2 lead over Tri-City going into the final inning. Post 113's hard hitting in that frame provided five runs, but failed to top the hosts.

Consecutive hits in the sixth by Mike Clark, Kirk Champion and Randy Smith earned the local squad two runs. In the seventh, hits by Hennrich, Keith Champion, Pritchard, Warfield, and Smith were instrumental.

Glen Carbon snaps back for twin wins

Following a 5-2 loss at O'Fallon on Saturday, Glen Carbon Post 435 returned to the playing diamonds this week to win two in a row—5-1 at Highland on Monday, and 9-8 over Cahokia here on Tuesday.

The victories gave Coach Art Jovi's Legionnaires a shaky hold on fourth place in District 22 American Legion standings with an 11-10 record.

Tony Stajdhar, who last week pitched a no-hitter against Mascoutah, went the distance on the mound in allowing Highland only two hits and a lone run in the seventh.

Post 435 scored twice in the fourth when Harvey Breckner, Brian Sikes, Joel Fillion and Doug Raine all collected hits.

Three runs in the sixth on doubles by Sikes and Ed Schmidt, and a single by Matt McCullough added to the score.

Cahokia collected 11 hits Tuesday, but failed to overcome

Glen Carbon's "hot" bats headed by Richard Schmidt's three-run homer in the fourth inning and his double in the third.

Post 435 tied the game in the seventh, 9-9 when Fillion reached on an error, Ed Schmidt walked, McCullough tripled, and Leo Pelek provided a sacrifice fly.

Cahokia went ahead by three in the third and a hit by Breckner and Richard Schmidt's double in the home half of that frame added one run to make the score 6-4.

The visitors added another run in the fourth, but a five-run effort by Glen Carbon in that frame proved insurmountable. Kevin Hayes and Breckner each singled before Schmidt homered. A double by Sikes and a hit by Fillion set up the final two runs, driven in by Ed Schmidt.

Braves outpoint Millstadt

The Granite City Braves overcame their record at 8-8 in Central Illinois Traveling Baseball League standings yesterday with a 4-3 win at Millstadt when Danny Manogian snapped a tie game with a two-run homer in the fifth.

Tommy Mahl got the win on the mound and improved his personal record to 5-2 on the season.

Tied 2-2 after both sides scored in the fourth-inning—Braves on walks to Larry Pinkston, Larry Hagey, Manogian, Brian Mehan and two fielder's choices—Hagey drew a walk in the fifth before Manogian provided the winning margin.

Millstadt's final inning produced one run, falling short of the two needed to tie.

The local Braves face the same team again tomorrow at 6 p.m. on the road.

Mercer leads Inter-City standings

Granite City's Mercer baseball club holds a one-game margin over Highland-Pierpont to lead Illinois Inter-City League action going into double-header games this Sunday.

Mercer has a 14-5 win-loss record, Highland-Pierpont and the Vans tied at 13-5, Fairfax 8-11, Panama 6-12, and Thomas 1-17.

The Vans play Mercer Sunday at Wilson Park, Panama is at Highland, and Thomas is at Fairfax in East Alton. All are 1 p.m. games.

Amati wins sprint race

Chuck "the One-Armed Bandit" Amati of Freeman Spur, Ill., outdueled Danville's Bobby Jones last night in the second round of the year of Tri-City Speedway's sprint car racing series.

For 35 laps, the two drivers exchanged the lead with Jones dashing ahead going into the corners on the half-mile oval and Amati surging into the lead coming out of the turns.

Rich Standridge took third place after Doug Wolfgang struck a dirt mound running beside the leaders.

Jones and Wolfgang were heat race winners.

A collection of more than \$2,000 was presented to Mrs. Brenda Kirkpatrick, whose husband, Larry, died last week of injuries received in a July 4 racing accident. Mr. Kirkpatrick had won the last two sprint races here.

Following today's clash between Glen Carbon and Tri-City, Coach Conrad "Babe" Champions Legionnaires still face one league contest—Alton here tomorrow at 6 p.m. Post 113 will compete Saturday in a non-league doubleheader at Springfield at 1 p.m.

In playoff competition, Belleville will take on the team which finishes third during the week.

Important game today for Glen Carbon squad

Glen Carbon Post 435 concludes its District 22 American Legion Baseball League regular season schedule this evening at six o'clock against Tri-City at 113 on the Fobling Road diamond, north of the Granite City Memorial Football Stadium.

A victory would keep Glen Carbon's playoff hopes alive. Only the top four teams in league standing will compete in the playoffs which begin Thursday, July 22, and will end either Saturday, July 24, or Sunday, July 25.

The double-elimination tournament will be held at Highland's VFW Post 5694 Community Park.

Belleville is the only team to qualify thus far for the playoffs. Belleville clinched first place Saturday with a 4-0 win over Collinsville.

The top six teams in league standing are: Belleville 18-2, Tri-City 12-8, Cahokia 11-9, Edwardsville and Alton tied at 9-9, and Glen Carbon 11-10.

Following today's clash between Glen Carbon and Tri-City, Coach Conrad "Babe" Champions Legionnaires still face one league contest—Alton here tomorrow at 6 p.m. Post 113 will compete Saturday in a non-league doubleheader at Springfield at 1 p.m.

Somewhat the typical weekend player erroneously assumes he has a better chance to improve his reflexes if he puts himself in, what he thinks is, the proper ready position. By trying to get ready the player often prohibits his body from being responsive. He digs his chest into his chest, hunches over. He back, stands on his legs straight, and grips his racket as if someone was trying to take it away from him. In his anxiousness the

player transforms himself into an immobile object. He's cement.

Don't let this happen to you. Instead of trying to get ready after playing the ball, try not to try—stay loose. In a back-court rally quickly start sliding into position once you've played the ball. Do not cross your feet as you recover. Stand tall from the waist and bend your knees. Be rhythmic. As you slide make an attempt to keep your weight on the balls of your feet. Don't let your heels touch the ground. Consciously relax your shoulders and the grip on the racket.

The subtle secret to sure-footed anticipation is being in motion when the ball is hit. You must learn to use your footwork so you're moving (sideways) in the direction you think the ball will return. When rallying from the baseline this usually means cross-foot (sideways) in the direction you think the ball will return. Tennis camps are offered

If your tennis courts disaster, two special athletic summer camps at Southern Illinois University at Edwardsville may help you out of your love set.

The camp, for fourth through eighth grade students, will be held Monday, July 19 through Friday, July 23, from 9 a.m. to noon. An adult tennis camp, ages 18 and over (except for graduating seniors who are not eligible by NCAA rules) will be held July 26 through 30 from 6 to 8 p.m.

Kent DeMars, head coach of the Cougar tennis program at SIUE, will teach the camps. DeMars is the former coach of the Assumption High School tennis team where he coached professional Jimmy Connors.

The week-long courses are \$15 each and are sponsored by the SIUE department of men's athletics and the Office of Conferences and Institutes. Those attending will be instructed in basic and advanced techniques development skill analysis and will be given match situations and other essentials in tennis.

Checks should be made payable to Southern Illinois University, Conferences and Institutes, Box 36, Southern Illinois University, Edwardsville, Ill. 62026.

Physical exams of GC athletes Aug. 16 and 17

Randy L. Biggstaff, Granite City School District athletic trainer, has set aside Aug. 16 and 17 for the purpose of conducting pre-fall sports physical examinations for GC's North and South football, soccer, cross-country and golf athletes.

Monday, Aug. 16, from 1 to 5 p.m., physicals will be conducted at GC's South gymnasium, and from 5 to 9 p.m. at GC's North's gym.

On Tuesday, Aug. 17, examinations will be given at GC's High from 10 to 1 p.m. and at South High from 5 to 9 p.m.

Physical exams for girl athletes and for those who could not appear at the above dates and times will be arranged at a later date.

A \$5 fee per athlete is required and will be donated to the Granite City Athletic Trainers' scholarship fund.

33 POUND SAILFISH. Air Force Captain Larry Klobe, of Granite City has received a citation from officials of the Fort Lauderdale Annual Fishing Festival for his catch of a 33-pound sailfish. From the left to right are Steve Huplin, Bill Pantecio, Capt. Klobe with his prize catch, Steve Fuggazzi and Bill Timms.

Larry Klobe catches 33-pound sailfish

U.S. Air Force Captain Larry Klobe, son of Mr. and Mrs. Elmer Klobe, 2915 Sunset Drive, has received a citation from the officials of the Fort Lauderdale Annual Fishing Festival for catching a 33-pound sailfish.

Klobe graduated from Granite City High School and the University of Illinois and now flies a tanker based at McConnell Air Force Base in Kansas.

Klobe's fellow pilot, Bill Pantecio, assisted in the catching of the dolphin. Klobe reported that the dolphin was delicious; but the sailfish meat had to be thrown away according to Klobe who tried to cook both, but had no knowledge of preparing sailfish on a char-broiler.

Twin dolphins, 33-inch length, also were caught by Steve Halpin of Cincinnati who was with the fishing party.

According to Klobe, one real big dolphin got away.

To Klobe's disappointment

after checking numerous sources, he found out that sailfish should be smoked for 48 hours and he did not have a smoker or the time.

Klobe, who has an apartment in Wichita, Kan. was reported to say, "I have a big wall just waiting for the mounted sailfish."

Most of his fishing has been done at the Lake of the Ozarks in Missouri and Klobe does not go fishing too often because he said he normally does not carry a tackle box on a tanker during what may be a 12-hour flight without landing.

The price catch never showed itself until it was alongside the boat with five-foot swells rocking the boat.

"The sail" reportedly made a run with the bait, taking off yards of line and staying down for what Klobe said seemed like three days.

"The trophy may go into an attic some day, but we are going to brag about that fish for some time," Klobe said.

Hole-in-one

Virgil H. Dulgeroff, 3902 Franklin Ave., is eligible to win a free trip to Scotland and \$1,000 as a result of scoring a hole-in-one at the Lockhave Country Club in Alton, Ill.

Dulgeroff's ace qualified him for the 15th annual Rusty Nail Hole-in-One Sweepstakes, a national competition sponsored by the Drabmoe Company of Edinburgh, Scotland.

The winner will be announced early next year.

Dancing, films, Spinners and Doobie Brothers set for MRF

James Cunningham and the Acme Dance Company have scheduled a full weekend of activities around their Friday night performance at the Mississippi River Festival, according to Festival Concert Manager Vicky Holt.

"The company will be arriving early," Mrs. Holt said, "and they have agreed to have a discussion at 5:30 p.m. Friday for those interested in dance lighting and special effects. The technical director of the company will be there to lead the discussion and answer questions."

Other weekend activities will include classes on Saturday from 11 a.m. to 3 p.m., held at Washington University, that will focus on jazz dance and dance technique, and a special Sunday (2 to 4 p.m.) class held at the Festival picnic area that "will be for children of all ages," and will give the basics of modern dance.

Closing the weekend of special activities will be a 9:30 a.m. Monday series of master classes in dance held in the Southern Illinois University at Edwardsville Dance Studio in the campus' Communications Building.

Those interested in more information can contact Mrs. Holt at 1-662-3239.

The weekend is "really a special opportunity for those interested in the dance to take part in learning about the techniques as well as watching the Friday evening performance," she said.

James Cunningham and the Acme Dance Company are what critics have called "a young group which stretches and redefines current conceptions of modern dance." The Acme Dance Company was formed in 1970 and marked the formalization of a relationship between Cunningham and his dancers that dated to the mid-60's.

In the pieces that make up the company's touring repertoire, elements of yoga, acting, ballet, modern dance, singing, vocal and movement improvisations, and rock dancing are combined. On Monday, two science fiction classic films will be shown in SIUE's Meridian Hall.

DOOBIE BROTHERS, who will appear in concert Wednesday, July 21, at the Mississippi River Festival on the campus of Southern Illinois University at Edwardsville.

starting at 7:30 p.m. "Destination Moon" and "When Worlds Collide" are among early classics of the genre. Admission to the film series is free.

The Spinners, with special guest Melba Moore, will be appearing Tuesday, July 20. The Spinners are nearing their 20th year together.

The quintet still has four original members. In recent years, the group has had such hits as "I'll Be Around" and "Could It Be I'm Falling In Love," plus many more.

The group's latest album, "Mighty Love," has been named a gold record.

Melba Moore, appearing with the Spinners, has been called by critic Clive Barnes of the New York Times, "a delight. Miss Moore has an irresistibly knowing innocence, the timing of a superb comedian, and the God-given ability to walk straight into an audience's heart and hang around there."

The Doobie Brothers, ac-

claimed one of the most popular groups in the rock field today, is expected to attract a large crowd to the MRF site Wednesday.

The group rose rapidly in popularity with a string of back-to-back hits including "Black Water," "Long Train Running," "Listen to the Music," "China Grove," "Jesus Is Just A Little Bit" and many others.

A prolific group, new singles and albums from the Doobie Brothers are continuing to appear at the same rapid rate previously set by the group. The latest single and album are entitled "Takin' It to the Streets."

New offer to buy bridge

Bruno Hensel, vice president of the Hamburg Construction Co., Inc. of St. Louis, has asked the City of Madison Aldermanic Bridge Committee to consider selling the Chain of Rocks and a legal description.

Hensel met with the committee Tuesday night following the regular council meeting. Aldermen on the committee are Robert Don Reeves, Mike Sikora, Donald Garrett, Ray Kozielek and Donald Broyles.

Hensel alleged that his firm has several bidders willing to invest between \$10,000 to \$20,000 to buy the bridge.

Hensel explained that development of the bridge area would include a six-story motel, restaurant and shops on the bridge, and a marina.

In February 1975, Hensel told the council that a group of financial backers was prepared to spend approximately \$22 million on the project, but Hensel failed to make a bid at the time or include a \$10,000 check required.

In February 1975, the council awarded a contract for sale on a bid from Charles E. Wilson and Associates of Lansing, Mich., which was accompanied by a check for \$10,000 and offering \$100,000 for the bridge. Wilson

later sold his interest to another company which paid another \$10,000, but defaulted in the payment agreement.

Hensel has asked the city to furnish air photos of the area and a legal description.

He was informed that a legal description is being sought and a title search is being made.

Hensel was referred to Paul Hawkins, director of the Madison County Sanitation Department for additional information on the land he may want.

The city will advertise for bids in August for the sale of the bridge and the sale of the 137 acres of land. These will be separate bids, according to Mayor Mike Sasyk.

OVERPASS SITE THEFT
 Five shovels, two 100-foot extension cords and a two-foot long level were stolen from a tool shed at the Hoeft Brothers Construction Co. site for the Chicago Avenue overpass, Route 151 and Poplar Street, it was discovered Monday. A barbed wire fence around the shed was cut and the hatch was forced from the shed door.

Refunds for many students

Students at Southern Illinois University at Edwardsville holding Illinois State Scholarship Commission (ISSC) awards will receive refunds on a portion of the fee assessments they had to pay last spring because of insufficient funds, John Jenetten, director of Student Work and Financial Assistance at the university, said today.

Checks to the students should be placed in the mail early next week, according to Kenyon Hacker, bursar. If the student had no debt with the University, he or she will receive a check for the amount of the portion of the tuition and fees paid.

However, if he or she owed the University a debt, that amount will be deducted, and the student will receive a check in the amount of the difference, Hacker said.

\$98,560 grant to plan commission

The Illinois Department of Local Government Affairs (DLGA) has awarded a \$98,560 comprehensive planning assistance grant to the South-

western Illinois Metropolitan and Regional Planning Commission. Director Frank A. Kirk has disclosed.

The money is part of a federal grant made to the state of Illinois by the U. S. Department of Housing and Urban Development (HUD) for the support of comprehensive planning activities at the state, regional, and local levels.

The twelve-month funding will permit the board to undertake several activities of importance to Madison, St. Clair, Monroe, Washington, Bond, Randolph and Clinton Counties, Kirk said.

The grant will enable the planning commission to undertake several studies of importance to the region, including:

Preparation of an overall development policies guide for the region.

Undertaking a rural development study identifying the particular development needs of rural areas within the region.

Continuation of the surface drainage and flood damage abatement program, including the development of a major drainage system plan for four planning basins (Sugar Creek, Lower Mississippi River, Lower Kaskaskia River and Mary's River).

Undertaking a regional housing study to include a housing market needs analysis and the identification of housing goals, policies, and objectives.

Undertaking economic development studies which will include preparation of an industrial land development guide and site selection criteria manual.

Preparation of a model code of basic ordinances suitable for adoption by municipalities.

PROMOTED
Marine Corporal Arnold E. Meyer Jr., 20, son of Mr. and Mrs. Arnold E. Meyer Sr., 2110 Wilson Park Lane, has been promoted to his present rank while serving with the 2nd Marine Division, Camp Lejeune, N. C. A 1974 graduate of Granite City High School South, he joined the Marine Corps in August 1974.

CB radio part of road rules

The new issue of Illinois Rules of the Road will include a section on Citizens Band radio, it was announced by Secretary of State Michael J. Howlett.

"The rapid growth of CB can be an effective tool in improving highway safety in Illinois," Howlett said. "Accident reporting time can be cut dramatically."

Howlett maintained that a CB Highway Safety Network should be a priority of state government. "It could be manned by volunteers," he said. "We are already working on this in the secretary of state's office."

U. of I. graduates

Graduates at the University of Illinois for the spring term, from the Quad-Cities, included:

Albert Vernon Tharp, 2255 Zippie Lane, who earned a master's degree in business administration.

Recipients of bachelors' degrees from Granite City were:

Michael J. Awalt, 5104 Rapp Road; Kenneth T. Bezan, 3145 Myrtle Ave.; Jeffrey D. Brady, 125 Holiday Mobile Park; James E. Dulgeroff, 52 Oaklawn Drive; Kevin E. Dyer, 913 East Chain of Rocks Road; John R. Greve, 4117 Maryville Road.

Granite City Unit installs

Mrs. Helen Oberlin was installed as chairman of the Granite City Unit, Madison County Homemakers Extension Association, at a meeting held last week at the Grand Cafe.

Other officers to serve for the ensuing year and installed by Mrs. Rosalia Johannmeier included Mrs. Anna Michels, first vice-chairman; Mrs. Wilma Owea, second vice-chairman; Mrs. Lanell Lesseg, secretary and Mrs. Freddy McElroy, treasurer.

Red, white and blue Bicentennial candles were used in the ceremony and the new chairman was "pinned" with a Homemakers Extension Association pin.

Those appointed as committee chairman were Mrs. Martha Melroy, 4-H chair; Ann Pare, Health and Safety; Josephine Uram, public information; Katherine Todoroff, voluntary action; Wilma Owea, legislation; Mrs. Johannmeier, recreation and Martha Taylor and Helen Parks, co-chairmen of cultural arts.

Hostesses for the July meeting were Mrs. Hulda Griffith and Mrs. Helen Oberlin.

The major lesson on "The World of Mini Meals" was presented by Mrs. Johannmeier and Mrs. Melroy. They stressed that each meal or mini-meal should have variety in food value, flavor, color and texture, and that each one should watch what they eat not when they eat.

Recent research indicates that eating more frequently than three times a day may actually be beneficial, especially in weight control, it was noted.

Mrs. Mary Blankenship gave a health report on safety measures to be followed in the canning food season. She reported all utensils, jars and lids should be scalded and use only containers made especially for home canning.

Unit chairman Mrs. Lucille Sobczak announced the homemakers camp will be held on Aug. 4 at Jacksonville, Ill. The bus will leave Edwardsville at 7 a.m. and officers training will be on Aug. 31 beginning at 1 p.m. at the Farm Bureau Hall in Edwardsville.

The next meeting on Sept. 1 is to be held at the Grand Cafe and reservations are to be made with Mrs. Lesseg at 676-1402.

Apostolic Church to host program

An "Old Time Singing" program featuring the "Beacon Lights" and other gospel singers from the Quad-City area will be presented from 2 to 4 p.m. Sunday at the Apostolic Pentecostal Church, 1348 Iowa St., according to the pastor, the Rev. Mason Parcus.

The public is invited to attend the afternoon program. Rev. Parcus added.

STEEL LADDER
A 40-foot extension ladder, valued at \$200, was taken from the back yard of Richard Hahn, 2528 Delmar Ave., police were told.

GC Business Women plan 'County Fair'

An atmosphere reminiscent of an "old fashioned" county fair will prevail when the Granite City Business and Professional Women's Club launches its membership campaign for the 1976-77 club year on Wednesday, July 21, at 6:30 p.m.

The "County Fair for Membership" fun night will take place at the Moose Lodge Hall, 19th and Adams streets. Any working woman is invited to attend.

Mrs. Judith McCann, BPW membership chairman, said "special activities for every

taste are among the evening's planned events."

Booths are being arranged by standing committee chairmen and other activities include a white elephant sale, exhibits, games of skill, prizes and surprise events.

Special awards will be presented to the winners in "county fair" contests, with members asked to enter items in one or more categories, Mrs. McCann said.

The contest divisions are: Favorite canned vegetable; best decorated cake; most unusual planter; and cut flowers.

Members also may display their arts and crafts. In the latter contest, the winners will be determined by a silent vote of those attending, the chairman explained.

A covered dish winner will be served. Members furnishing a covered dish food item will pay \$1.50 for the dinner, or \$2.50 without a dish. Guests may attend for \$1.50 each without

providing a food dish. "Among the highlights will be the introduction of new and potential members, but the evening will be devoted mostly to fun and entertaining our guests," Mrs. McCann said.

Casual dress is advised, she added.

Persons wishing to attend the dinner may call Mrs. McCann at 931-1550 for reservations.

beaters at the pageant, it was announced this week.

The event precedes the opening of the annual Madison County Fair by 10 days to enable the winner to reign over fair week activities, beginning July 25.

Miss Madison County Fair will preside with other county

fair titlists at Miss County Fair Day at the Illinois State Fair in Springfield, Aug. 13. She also will take part in the contest to select the 1977 Miss Illinois County Fair next January.

Candidates from the Quad-Cities are:

Miss Tami Lynn Eck, daughter of Mrs. Margaret Eck, 134 Robin St., Venice, a 1976 honor graduate of Venice High School where she was active in chorus, band and plays and served as varsity cheerleaders' captain.

In addition to being the 1976

class salutatorian, she was chosen as this year's prom queen. She is a member of her church choir and Future Homemakers of America, serves as a candy stripper at St. Elizabeth Hospital and has received the "Good Citizen-ship" award. She is planning to attend Southern Illinois University with a concentration in the health service field.

Miss Eck is five feet, four-and-one-half-inches tall, weighs 108 pounds and her measurements are 34-24-34. She has brown hair and green eyes and her hobbies are swimming, dancing, reading and menu collecting.

Miss Carol Douglas, 17, daughter of Mr. and Mrs. Robert Douglas, Rural Route 1, Box 1106, Mitchell, is a 1976 graduate of Granite City High School North, where she lettered in field hockey and track, served as a Girls Athletic Association chairman and held a grade "A" average in instrumental music.

She served as vice president of a Junior Achievement firm and her hobbies are knitting, roller skating, sports and playing the clarinet.

Miss Douglas has brown hair, fair skin and brown eyes. She is five feet, eight-and-one-half-inches tall and weighs 130 pounds. Her measurements are 35-25-35.

Miss Kim Zimmerman, 18, Alton, a 1976 Alton High School graduate, who hopes to become an elementary school teacher.

Hilltoppers aids project

The Hilltoppers Club of St. John United Church of Christ met Tuesday at the church and conducted a memorial service for the late Arthur Roman during the afternoon session.

Members recited the Lord's Prayer and sang to hymns to open the meeting. Readings were given by Mrs. Helen Schaefer on a poem entitled "Be Still" and by Mrs. Betty Cooper, president on "Service With a Smile" and "One Word—Help."

The president announced cards were sent to Mrs. Ida Zimmerman who is a patient in the Greenville (Ill.) Nursing Home and to Jesse Schaefer and Katherine Lehmann, both ill at home.

A donation of \$50 to be sent to the church air conditioning project was also approved by the members, as was the purchase of a book to be sent to the Rev. Carl Eschenbrenner, former assistant pastor of the church.

The closing prayer was offered by Mrs. Catherine Roman. After the business discussion cake and coffee were served and the remainder of the day was spent in playing games with prizes awarded to the winners. The next meeting will be at 1 p.m. on Aug. 10 at the church.

SUMMER BRIDE. Mrs. Dennis Allen Boyce whose wedding was solemnized at the Community Heights Assembly of God Church. Formerly Miss Jerrye Carline Baugus, the bride is the daughter of Mr. and Mrs. Jerry Baugus, 2821 Marshall Ave.

Jerrye Baugus married in afternoon ceremony

Miss Jerrye Carline Baugus, a daughter of Mr. and Mrs. Jerry Baugus, 2821 Marshall Ave. and Marine Private First Class Dennis Allen Boyce, son of Mr. and Mrs. Donald Boyce, 2020 Park Ave., exchanged wedding vows in an afternoon ceremony on July 3 at the Community Heights Assembly of God Church.

A program of organ music was provided by Tony Stajduhar and organist Roy Boyer who also sang, "Colour My World" and "We've Only Just Begun," prior to the arrival of the bride party.

The Rev. Jeff Smith officiated at the double ring service at 4 o'clock in the afternoon.

Given in marriage by her father, the former Miss Baugus, selected a full length white organ gown designed with a Sabrina neckline of Chantilly lace etched with sequins, fitted bodice and long sheer sleeves. Her semi full skirt was accented with lace motifs and she wore a lace bordered melody length veil. The bride bouquet was a cascade of white mums and greenery.

Miss Diane Ackman, maid of honor, chose a long blue chiffon halter dress worn with a matching picture hat. She carried a bouquet of blue and white mums.

Michael Milton, a cousin of the groom, served as best man. Tom Baugus and Jerry Briggs seated the guests.

A reception was hosted at the Red Room of the Travelodge following the service.

Both young people attended Granite City schools. The groom is serving with the Marine Corps in San Diego, Calif.

4-H'ers to attend state fair

The Madison County 4-H winners of a trip to the Illinois State Fair were announced during the weekend, chosen on the basis of their exhibits shown at the annual 4-H Achievement Days held in Edwardsville.

Winning top awards in flower arranging were Laura Gruber and Cindy Donner, both of Edwardsville. While attending the State Fair, Aug. 12-13, they will each prepare four flower arrangements and attend educational classes.

Both beginning and advanced table covers will be sent to the State Fair for display and judging. The beginning exhibit of Lisa DeRousse and advanced exhibit of Lisa DeRousse will represent Madison County. Both girls are from Edwardsville.

Shelli Klenke of Edwardsville crocheted a bedspread which will be judged and displayed at the State Fair in the "crocheted or knitted article" category.

Clothing projects including beginning and advanced clothing plus tailoring were judged July 9. The winners will model at the State Fair the afternoon of Aug. 13, and attend educational classes Aug. 12-13. The six 4-H'ers chosen to attend the State Fair as models were: Ann Helms and Renee DeRousse of Edwardsville; Marsha Potthast and Debbie Gilomen of Highland; Jean Grabalis, Glen Carbon; and Sue Geiger, Alhambra.

Janelle Malan, Highland was chosen to send her garment that was purchased for the "You Buy Your Own Clothes" project. However, due to participation last year, she was ineligible to attend two years in succession.

Two girls from Madison County will attend home furnishings classes at the State Fair. They are Lisa DeRousse and Jane DeRousse, both of Edwardsville. Deanne Wilmseyer of Granite City was chosen to attend, but was ineligible due to age. She is eleven, but those attending State Fair classes must be twelve.

Alternates in the various categories are table covers, Shelli Klenke, knitted article, Ann Helms, home furnishings, Shelli Klenke, all of Edwardsville; Mary Loftus, Granite City; flower arranging, Lynn Lewis, Highland and Sherry Bean, Troy; and modeling, Jane and Lisa DeRousse, Edwardsville; Lois Juergens, Troy; and Karen Landmann, Highland.

4-H is the youth phase of the University of Illinois Cooperative Extension Service. For more information about 4-H in Madison County call 656-4862.

MR. AND MRS. ROY MULLEN JR. They were married July 7 in Tahlequah, Okla. The bride is the former Miss Rita Forrester, formerly of 2329 Cleveland Blvd. The couple is now at home to friends at 1617 Daly St., Orlando, Fla. 32808.

Former Madison resident honored

Mrs. Nancy D. Dittich of Sterling Heights, Mich., formerly of Madison, was one of five Detroit area women employees of the federal government to be honored at the fifth annual Federal Women's recognition luncheon this month.

The event was sponsored by the Federal Executive Board of Detroit, and the five winners were chosen from 46 nominees in the categories of professional-scientific, supervisory-managerial, clerical, secretarial and technical.

Mrs. Dittich, the daughter of Mr. and Mrs. Bill Salmen, 2000 Fifth St., Madison, was the winner in the technical category. She was born and educated in Madison.

As inventory management specialist at the U. S. Army Tank-Automotive Command (TACOM) in Warren, Mich., her job includes planning the overhaul of construction equipment, representing \$35, for which she received an "outstanding" award.

A government employee for 16 years, Mrs. Dittich started her career at the Granite City Army Installation. In 1965 she moved to the Mobility Equipment Command (now Troop Support Command), St. Louis, and in 1974 went to Warren with the transfer of the construction equipment mission to TACOM.

A former active member of the Granite City Business and Professional Women's Club, Mrs. Dittich is currently attending Macomb County Community College in Michigan, working toward a BA degree in business administration. She has a daughter, Kimberly, 14.

Jaycee-Ettes start season

Mrs. Pat Aleman conducted her first meeting as president of the Granite City Jaycee-Ettes at the group's initial meeting of the season held in the home of Mrs. Bobbie Hatfield.

A special guest was Miss Granite City, Karen Kolata, who discussed various aspects of the local and upcoming state contests.

Other new Jaycee-Ettes officers are: Mrs. Wanda Hill, vice president; Mrs. Hatfield, secretary; and Mrs. Linda Weible, treasurer.

New committee chairmen were appointed and projects for the coming year were discussed, including participation in "Charity Days" in September.

Results of the Jaycee homecoming were reported by Mrs. Aleman.

Refreshments were served by the hostess to Mrs. Marlene Ross, Mrs. Peggy Hoffmann, Mrs. Nancy Krause and those mentioned. Mrs. Aleman received a handmade item as a gift.

Armed services to visit here

Granite City will be one of 16 Illinois communities to be visited by the United States Armed Forces Bicentennial Caravan during the nation's 200th anniversary year. It was announced today by Al Barnes III, Public Relations Committee chairman for the Tri-City Area Chamber of Commerce.

CHARLES POWELL
On USS Lexington

Powell assigned to Navy carrier

Fireman Recruit Charles Powell has been assigned to the aircraft-carrier USS Lexington, homeported at Pensacola, Fla. The serviceman recently completed two weeks of apprenticeship training at Great Lakes Naval Training Station, Ill., where he was instructed in general shipboard duties.

FR Powell is the son of Mr. and Mrs. Walter Powell of Madison and a 1975 graduate of Madison High School.

Cooper named general manager

Ron Cooper has been named general manager of Quad-City Distributors in Granite City. Cooper came from Springfield, Mo., and has named Roland Pfingsten sales manager.

Pfingsten replaces Pete Johnson who was named vice-president of the parent company, L. J. Ross, Inc., according to Mr. Eric H. Ross, president.

Quad-City distributes major lines of carpeting and GAF vinyl throughout Southern Illinois, Missouri and Eastern Kentucky.

Completes training

Miss Kenny L. Lyons, daughter of Mr. and Mrs. Elbert Lyons of Granite City, has graduated from the Gradwohl School of Laboratory Technique in St. Louis.

Miss Lyons is to be employed by a doctor in Edwardsville as a medical laboratory technician. The school, a private not-for-profit co-educational institution, is approved by the Council on Medical Education of the American Medical Association.

Chamber music performance

A chamber music performance in Meridian Hall at Southern Illinois University at Edwardsville this evening will have tenor Willard Cobb performing two Monteverdi arias, as well as bassoonist Robert Mott in Vivaldi's "Sonata for Bassoon and Continuo in B-flat major."

There will be four works by Bach, featuring Mary Berg on harpsichord, Jacob Berg on flute and Janice Smith on flute.

STAR WOUND

Dorothy L. White, 30, of 172 Viola Jones Homes, Venice, was admitted to St. Elizabeth Hospital at 9:15 p.m. Tuesday suffering a 1½-inch deep, two-inch long stab wound to the back. Before going to the hospital the victim walked into the Venice police station and told them she had been stabbed outside a Logan street residence. Police are investigating the incident.

PAPER DRIVE

St. Elizabeth Church Boy Scout Troop 13 will conduct a paper drive Saturday and Sunday. Persons are asked to bring the paper to the Schmuck's market lot in the Crossroads Plaza Shopping Center. The Scouts will pick up the paper necessary. Persons are asked to call 877-0617 or 931-4249.

The caravan, consisting of four display trucks, each 40 feet in length and expanding to 14 feet in width, will be located at Wilson Park near the ice rink pavilion on Tuesday and Wednesday, Aug. 10 and Aug. 11.

The public is invited to tour the exhibits without charge between noon and 7 p.m. on both days. Edward Reiske, Chamber executive vice president, said the Armed Forces Bicentennial Caravan is similar in scope and purpose to the Freedom Train, which visited St. Louis, only this display demonstrates the role of the Armed Forces in American history.

The Army, Navy and Marine Corps vans are walk-through museums while the Air Force features a mini-theater for motion picture shows.

Originating at Wright-Patterson Air Force Base, Dayton, Ohio, the exhibition is touring the country as part of the United States Armed Forces Bicentennial Exhibit Vans Project.

"We placed our request for the caravan over a year ago," Reiske said.

More than 100 requests for the caravan were received from Illinois communities, with time and distance limiting its showing in only 16 areas, an Air Force spokesman advised.

ROBERT J. O'MARA
"Outstanding Airman"

Madison airman receives honor

Airman Robert J. O'Mara Jr. has earned Outstanding Airman of the Month honor at George Air Force Base, Victorville, Calif.

He is the son of Mr. and Mrs. Gordon T. Leadlove, 2025 Fifth St., Madison.

In achieving the award, Airman O'Mara showed "exemplary conduct and duty performance in his unit," the citation said.

A 1975 graduate of Madison High School, the serviceman serves with a unit of the Tactical Air Command as a pavements maintenance specialist.

Airman assigned

Airman Donald L. Hasty, son of Mr. and Mrs. Jasper D. Hasty, 2017 Indiana Ave., has been assigned to Mainstream Air Force Base, Mont., for training and duty in the U.S. Air Force civil engineering mechanical-electrical field.

The airman, who recently completed basic training at Lackland Air Force Base, Tex., studied the Air Force mission, organization and customs and received special instruction in human relations.

Airman Hasty is a 1975 graduate of Granite City High School South.

OFFICER BITTEN BY DOG

Granite City Police Patrolman Robert Krause, investigating a report of a boy bitten by a dog behind a home in the 2500 block of East 24th St., was bitten by the same dog at 6:05 p.m. Wednesday. Krause said while he was investigating the case, the dog broke free from its owner's hold and bit his left leg. Krause was treated at St. Elizabeth Hospital and was released.

FRIGHTENS INTRUDER

Clinton Conner, 2767 Washington Ave., returned home at 1:08 a.m. today and entered the rear door of his apartment when he saw a young man trying to break in through the front door. The would-be burglar fled south in an alley. Conner described him as in his early 20s, about 6 feet tall, wearing blond shoulder-length and stringy hair and wearing a white tee shirt and blue jeans.

George W. Jackson dies

George W. Jackson, 84, of 900 Jackson St., Madison was pronounced dead at his home at 11:55 a.m. Tuesday by Deputy Coroner Thomas Satturo after being found without signs of life in bed.

He is survived by his wife, Mrs. Lillie Jackson; a son, Paul Jackson of East St. Louis, one daughter, Miss Earlene Jackson of Madison, one stepson, Richard Cobbler of Madison; four stepdaughters, Mrs. Betty Hilliday of East St. Louis, Mrs. Edna Jones, Mrs. Willie Edna James and Miss Samella Cobbler, all of Madison.

Mr. Jackson was retired at Granite City Steel.

Funeral arrangements are being handled by an East St. Louis funeral home.

Dies of heart attack after auto accident

Andrew Little, 62, of 10543 Lookaway Drive, St. Louis, died Tuesday at St. Elizabeth Hospital. An autopsy revealed that death was due to a heart attack.

He was admitted to the hospital at 11 a.m. Sunday following an accident at Route 3 and St. Thomas Road, involving another car driven by Thomas M. Sparrow of Alton.

He sustained no apparent major injuries with the exception of pain to the neck and back and he was able to walk about at the accident scene, according to the police and hospital report.

'Progress' film shown at Rotary

"Work in Progress," a film depicting what the steel industry is doing to overcome environmental problems in air, water and noise pollution, was shown at the Tuesday noon meeting of the Granite City Rotary Club in the YMCA.

The film pointed out that in one research project alone the industry spent \$30 million.

Richard West, production control supervisor for Granite City Steel, presented the program.

The club voted to spend \$500 to help handicapped children attend a special olympics in Chicago and to set aside 15 per cent of all Rotary projects receipts for Paul Harris Foundation scholarships.

Dr. William Keel, president of the Belleville Area College, will speak to the club next Tuesday.

Two named on damage charge

A man and a woman were arrested at 5 a.m. Tuesday in the Illini Motel, 1100 Niedringhaus Ave., after they allegedly caused extensive damage to the interior of a motel room.

Police alleged they could hear items being thrown around the room when they arrived at the motel. They arrested Dale B. Wadlow, 28, of 3205 Maryville Road, Apt. 2, and Ramona Sue Callender, 21, of 3225 Village Lane, in the room.

Officers also alleged finding some pills in the room. The two were charged with criminal damage to property, possession of a controlled substance and disorderly conduct.

Her bond was set at \$5,000 on the controlled substance charge and \$2,000 recognition on the criminal damage charge. She was released.

Wadlow's bond was set at a total of \$52,050 and he later was released after posting \$3,205 cash bond.

Madison School Board hires 2

The Madison Board of Education conducted a special meeting Tuesday evening at the Wensel L. Brown Building to hire personnel for the forthcoming school year.

Board members agreed to hire Miss Debbie Holt as a physical education teacher at the high school, and Marcus Spraggins as assistant football coach at the high school.

Spraggins also will retain his position as boys physical education teacher at the high school, according to Harold T. Fisk, board president.

Kirkpatrick theft; two face charges

Alan R. Henderson, 17, of 2808 Kirkpatrick Homes, was arrested in Kirkpatrick Homes yesterday and was charged with criminal trespass to a motor vehicle and criminal damage to property.

A 16-year-old boy also was arrested in connection with the same incident and petitions are to be filed in juvenile court against him.

Barb Overton, 4508 Kirkpatrick Homes, reported at 9:45 a.m. Wednesday that someone had cut the ignition wires to her car and had stolen the ignition lock.

An investigation revealed one young man needed an ignition lock for his father's car. Further checking led to the arrests.

8 recovering after surgery

Patients at St. Elizabeth Hospital who have undergone major surgery since Monday: Hester Johannmeier, 2545 Lincoln Ave.; Harry C. Moehsinger, 2589 Boyle Ave.; Joseph Colan, 2045 Rhodes St., Madison; Esther Taffenderson, 1435A Madison Ave.; April McFarland, 922 Washington Ave., Madison; Deana Clark, 1349 Edwardsville Road; Janice Hanne, 2027 Bryan Ave.; Dale Hall, Collinsville.

THREE ARE INJURED

Rick and Cathy Greenman, 205 Kirkpatrick Homes, and her son, Jeffery Epperson, 9, were injured in an auto accident and were treated at St. Elizabeth Hospital. Greenman, 23, was examined for pain to his lower back and left. Mrs. Greenman left with him without examination, and the boy underwent x-rays for head pain and was released.

\$1,000 REWARD

A \$1,000 cash reward is being offered by Andy Emond for information leading to the arrest and conviction of persons involved in the April 3 burglary of his home at 838 Alton Ave., Madison, between 8 p.m. and 10 p.m. He said that persons with information may call him at 452-8180.

HOUSE BURGLARY

Clarence A. Norman, 1485 Old Alton Road, reported that between 7:30 a.m. and 10 a.m. Tuesday thieves entered his house and took items valued at \$2,500. Items taken included a color television, tape recorder, speakers, eight-track tape player and an AM-FM radio.

GARAGE BURGLARY

Rufus Tevart, 2001 Harris St., Madison, reported that at 10:15 a.m. Wednesday thieves forced open the south side of his garage door and took a welding machine and torch valued at \$800.

HURT IN ACCIDENT

Timothy Griffin, 22, Ironton, Mo., was treated at St. Elizabeth Hospital at 6:50 p.m. Monday after being injured in an auto accident. He suffered pain to his forehead and his eyebrow. X-rays were taken and he was released.

Study bids for auto shop at GCHS North

Bids were opened Tuesday afternoon for construction of an automotive mechanics shop building at Granite City High School North and were considered by the Granite City Board of Education Tuesday night.

Without disclosing specific figures, board members indicated two companies appeared lower than the others and requested the administration confer with the two companies to determine if the proposals meet specifications or if some minor changes will be needed.

A recommendation on the

bids is to be made to the board at its Aug. 3 meeting, after the architect and administration have met with the lowest bidder.

It is hoped a contract can be awarded at that time and construction can begin immediately, Robert F. Maxwell, vocational director for the school district, told the board.

The bids are for a basic metal building and concrete floor with two hydraulic ceiling-mounted hoists and a complete exhaust and ventilation system. An alternate to the bids adds a 50 by 65 foot auto body shop area to the main building.

Set hearing in license case

A hearing before the Illinois Liquor Control Commission of an appeal by Norma Bosworth of Madison Mayor Mike Sasyk's order closing her tavern, known as Nora's Place, is set for 10 a.m. Monday, Aug. 1.

Mayor Sasyk at the Tuesday evening meeting of the Madison City Council announced that he had received notice of the hearing from Thomas J. Murphy, executive director of the commission.

Mayor Sasyk ordered the tavern closed after Patrick Michael O'Brien, 20, of 1818 Fifth St., Madison, died following a fight. Police said a trail of blood allegedly led from outside the tavern to the youth's body, found across the street on May 11.

In noting that fines collected for June totaled \$295, Mayor Sasyk expressed concern over why the amount was so low. Fines collected in June 1975 totaled \$79.

The report also showed a 29 per cent increase in major crimes over the same month last year. In June 1975 there were 70 major crimes reported.

On dean's list

The second semester honor roll of the 1975-76 academic year at Greenville College includes Kathy Shemwell, daughter of James Shemwell, 2500 Angela Drive. The past semester concluded Kathy's freshman year as a health and physical education major at Greenville College.

Juniors and seniors must obtain a semester grade point average of 3.50 or a possible 4.00 to place on the dean's list. Freshmen and sophomores are required to average 3.25.

17 more teachers rehired

Seventeen more teachers who were honorably dismissed by the Granite City Board of Education in March due to doubts about future staffing requirements were rehired Tuesday night by the board.

The 17 teachers rehired brought the total recalled to 42. There were 61 teachers honorably dismissed at the close of school last year.

The board also voted to hire three teachers who had served last year only as substitute teachers.

Of those rehired after being honorably dismissed, 12 were hired for one year only and five others, who have taught for two consecutive years, were hired and will be placed on tenure.

Rehired teachers who will be placed on tenure Aug. 25, are: Joann Aleman, 2729 Grand Ave.; Donna Cantrell, 2212 Amos Ave.; Carolyn Davidson, St. Louis; and Shirley Stroud, Caseyville, all of whom will teach English at Granite City High School South, and Karen Devany, 43 Briarhaven Drive, who will be a resource teacher at Stallings School.

Among those rehired who have one year of teaching experience here were: Sharon Bloodworth, 2541 North St.,

health and physical education at GCHS North; Janet Burnett, Edwardsville, home economics at North; Jodean Cooke, 4600 Lake Drive, Pontoon Beach, upper primary at Marshall School; Jane Fears, 2032 Lindell Blvd., socially maladjusted at South, and Dorothy Gilles, Edwardsville, vocal music in special education.

Also, Michael Hagopian, 2321 Gary Ave., health at Prather Junior High School; Ronald Keeton, 2714 Center St., resource teacher at Marshall School; Mary Martinez, 3045 Maryville Road, EMH at Wilson

School; Elaine Parish, 76 Maurene Drive, not yet assigned; Marilyn Parker, 3237 Kilarney Drive, not yet assigned; Genia Robertson, 2488 Morrison Road, home economics at North, and Ann Rollins, 4277 Reville Lane, upper intermediate at Johnson School.

Full-time teachers hired who were substitute teachers last school year were: Pamela Bishoff, 2201 State St., English at South; Sue A. Knobloch, 3108 Wayne Ave., home economics at North, and Virginia Wyrostek, 11 Frontenac Lane, English at North.

Of those not yet rehired, several declined employment with the district and several others could not be placed because there were no openings in their teaching areas. Others may yet be hired if positions open.

The board also accepted with regrets the resignations of five employees—Judith Vandaveer, upper primary teacher at Niedringhaus School; Lynn McClain, art teacher at Prather Junior High School; Janice Burk, teacher at Maryville School; Hans Jensen, math teacher at Prather, and Bernard Isselhardt who has been on a leave of absence.

Brenda Fyfe, early childhood teacher at Lake School and Jeanne Francis, a Marshall School elementary teacher

Johnston chosen vice president

Pete Johnston has been named vice president for L. J. Ross, Inc., according to Mr. Eric H. Ross, president.

Johnston, Glen Carbon, has been with the building supply corporation since 1963 and will be responsible for marketing and sales.

The Granite City building supply firm also operates the Do-It-Yourself Home Centers and Quad-City Carpet Distributors.

He was granted leaves of absence. The board also hired Herman Wilson, 2313 State St., as a custodian in the district.

Nameeki police issue unsettled

The Nameeki Town Board of Auditors, which purchased a squad car, radios and other equipment for the State Park Volunteer Police Department, has issued an ultimatum to that volunteer group to resume operations by Aug. 15, or the police car and equipment will be donated to the proposed Nameeki Area Volunteer Police Department.

There was some objection to the resolution, as presented, so the board decided to modify the resolution, adding that such a

revenue sharing grant from the township then will be used to purchase another squad car, radios, uniforms and equipment for the proposed Nameeki Volunteer Police Department.

The volunteer departments are operated by men who have been certified as "supervisors of safety" under Madison County Sheriff John Maeras and the departments are under the direct control of the sheriff's department.

The State Park unit, which had dissolved when the former special deputy commissions were found illegal, was reactivated early this year after five men received supervisor of safety commissions. A \$9,500 grant from Nameeki Township was used to purchase the car, radios, uniforms and other

equipment.

The department operated only briefly, however, before its chief, Joseph Boyer, launched an unsuccessful campaign for a democratic nomination as a candidate for the Madison County Board.

Charged with misusing the police department to help conduct his campaign, Boyer ordered the department closed for about a week until after the election.

The policemen, meanwhile, ordered a meeting on the temporary closing and voted to oust Boyer and Assistant Chief Lawrence Slack, a Boyer supporter, from the police force. Boyer contended he could not be voted out of the department, but he and Slack both resigned.

Sheriff Maeras then revoked the commissions of all of the volunteer policemen until they could settle their political differences.

Volunteers, meanwhile, were training for supervisor of safety commissions for the Nameeki Volunteer Police Department, proposed for establishment to serve Nameeki Township Precincts 3, 5 and 11.

Maeras refused to return the State Park commissions until that department had a sufficient number of volunteers to operate.

Of the six certified as supervisors of safety for the Nameeki Volunteer Police, four agreed to patrol in State Park until the new department could be created.

Maeras then approved

reactivating that department in March and a special board of directors was appointed to conduct the operations.

Operations have not been smooth since that time and at times there have been no police activities in State Park Place, leading the town board to approve Monday night's ultimatum.

During the meeting, Homer Brothman, county board member from State Park Place, assured the town board that new volunteers are being trained for that department and it should begin regular operations as soon as the men are certified as supervisors of safety.

The Nameeki department, meanwhile, is facing opposition from residents of the precincts

to be served, who have signed petitions opposing the department's creation and who say they are attempting to have a court determine whether the volunteers have the authority to carry guns.

One resident Monday night asked the town board for a list of township residents who have

contributed money for the creation of the department.

The board discussed the request and reached agreement it would be a violation of privacy to publicly release a list of persons who contributed to the department and it was not an issue in which the township was directly involved. The request was denied.

Trolleys

Urban.

A great number of smaller, isolated lines were scattered throughout the remainder of the state.

But none connected with interurbans in Ohio and Indiana, and major efforts were made to relate the lines within the state to one another.

For a time, however, a traveler willing to make the necessary transfers was able to ride from Chicago to St. Louis on electric interurbans.

Although Illinois ranked fourth among the states in interurban mileage, it boasted the largest and longest-lived company, the Illinois Traction System.

The ITS provided fast and frequent service over more than 400 miles of track from St. Louis to Peoria and Danville through Springfield, and from Decatur and Bloomington to Peoria.

The company prospered because in some areas it was unchallenged by railroads and because the Illinois Utilities Commission checked the development of bus lines by regulating rates more rigorously than in other states, thus controlling the growth of the interurban's chief rival for passenger traffic.

In 1910, the company built the McKinley Bridge, its own bridge across the Mississippi River, to obtain a high-speed entry into St. Louis.

In the twenties, it began to attract freight traffic from major railroads.

In 1948, the ITS ordered the last interurban cars built in the country from the St. Louis Car Company.

Passenger service was finally discontinued in April 1956, when ITS removed the overhead cables and converted into a diesel-powered freight carrier.

Between 1900 and 1930, 38 other smaller companies in Illinois struggled for solvency. But only a few survived the competition of the automobile, buses and improved highways.

Two of the interurban lines spreading outward from Chicago competed with the automobile for many years by giving service to heavily populated areas.

Samuel Inoull, for a time one of the most successful promoters in the world, took over and revitalized both the Chicago, Aurora and Elgin and the Chicago, Northshore and Milwaukee, both of which

terminated in Chicago's Loop.

It was not until the 1960s that these interurbans surrendered to the pressures provided by private automobiles, and then only in the face of protests from their loyal users.

Given the present concern for energy conservation, many consider it regrettable that some of the more visionary electric interurban projects never materialized.

For example, the Chicago and St. Louis Electric Railway project of 1892—Proposed to cover the distance between the two cities in two and a half to three hours at 100 miles per hour.

The Chicago-New York Electric Airline promised 10-hour service between the two cities at an average speed of 75 miles per hour for \$10 per passenger.

Work was actually begun on the project, but unfortunately the scheme went bankrupt before it got far into Northern Indiana.

Recalled only by the unlikely prairie train main streets—and the occasional agonized cries of environmentalists—the electric interurban age in Illinois passed relatively swiftly.

pensive compared to coke produced internally, the plant spokesman said.

Meanwhile, National Steel Corp., which owns and operates Granite City Steel, filed a registration statement with the Securities and Exchange Commission Wednesday covering \$150,000,000 of 30-year first mortgage bonds.

Underwriters for the issue will be managed by Merrill Lynch, Pierce, Fenner & Smith, Inc., The First Boston Corp., Corporation; Kuhn, Loeb & Company; and Salomon Brothers.

The bonds will be retired through a sinking fund commencing in 1987. Annual sinking fund payments will retire approximately 80 per cent of the bonds prior to maturity in 2006. The bonds will not be refinanced prior to 1986 at a lower interest cost.

Net proceeds from the sale of the bonds will be added to the general funds of the corporation and will be available for working capital and future capital outlays.

National Steel Corp. is the third largest steel company in the United States, based upon 1975 steel shipments. With its subsidiaries and associated companies, the corporation constitutes an integrated unit for the manufacture and sale of a broad line of flat-rolled steel products, a substantial portion of which is sold for use by the automotive and container industries.

The corporation is also engaged in the production of primary aluminum and the fabrication of a varied line of aluminum products.

remain in place for two months as part of the continuing Bicentennial celebration.

The historical and state flags were installed less than two weeks ago and were intended to remain in place for two months as part of the continuing Bicentennial celebration.

"We had to take them down before any more were gone," Chosich said. "The flags installed near the high school were really high up and many of those were gone too," he added.

Persons having any of the flags in their possession as souvenirs are being asked by the commission to return the pennants.

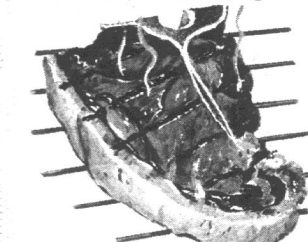

No charges will be made against a person returning a flag, Chosich said. "We are just interested in getting the flags back."

Anyone with information regarding the missing flags may contact Chosich, at 876-6497.

TAKE TIRES, WHEELS

All four tires and wheels were removed from the parked Volkswagen of John Early, 1904 Kirkpatrick Homes, parked in the 2400 block of Center Street, it was discovered at 1 a.m. Tuesday. A witness said a black over maroon Camaro with primer spots and a loud muffler was seen cruising the area at the time of the theft.

Auxiliary team to compete

The Ritual Team of Eagles Auxiliary 1126 will compete with other ritual teams at the grand international convention at Miami Beach, Fla., set for July 28 through Aug. 1. It was announced at the monthly meeting held Tuesday at the Eagles Aerie Hall.

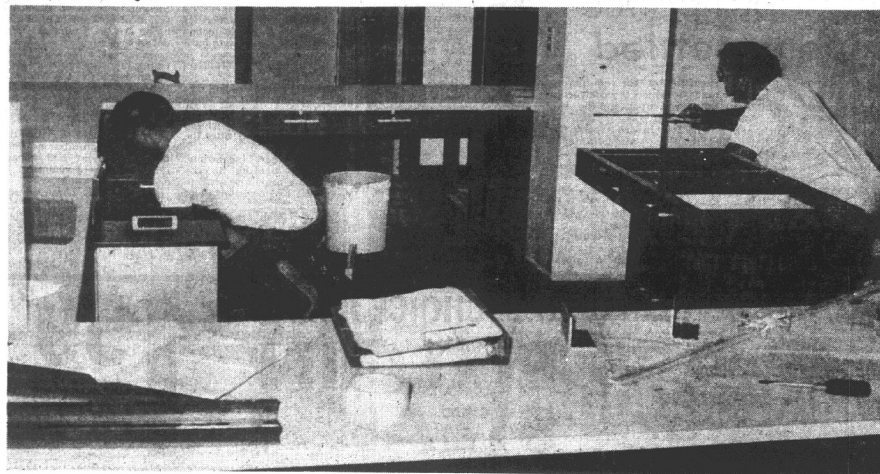

President Ruth Paubel presided and reports were submitted by Norma Hemken, visiting chairman; Nancy Mullen, co-chairman of the Bicentennial parade committee and Mrs. Margie Hall, Ritual Team captain, on the booth they sponsored during the Fourth of July celebration at Wilson Park.

Guest for the evening was Evelyn Dupont of East St. Louis, past state president. She was escorted to the altar and presented with a gift by the president. Mrs. Paubel also gave a certificate for perfect attendance to Mrs. Helen Frazier, auxiliary secretary. Mrs. Dolores Klesh headed the decorating committee who used a Bicentennial theme to decorate the hall. Red, white and blue streamers were suspended from the ceiling and embossed with flags and tiny hats. Table centerpieces were baskets of summer flowers in matching shades encircled with burning candles.

Luncheon was served by Mrs. Hemken and Madonna Mathenia and the evening prize was won by Ann Konopka. Entertainment was provided by the Eagle-Aires Kitchen Band under the direction of Angie Buehler with Mrs. Dupont performing on the drums. The next session will be July 27.

FIRE IN SHED

Direct sunlight shining on a battery sitting on roofing shingles in a tool shed at the home of Stefan Kulesza, 3024 Edgewood Ave., caused a fire at 10:55 a.m. Sunday, resulting in \$200 damage to the shed. Firemen extinguished the blaze in 20 minutes.

FINISHING TOUCHES are added to a secretarial pool area of the remodeled fourth floor of the old wing of St. Elizabeth Hospital. Both the third and fourth floors have been renovated into suites to be used as

doctors' offices. It is expected that the offices will be put in use in about three weeks.

Madison fish fry set Aug. 6

The Madison Ladies Democrat Club appointed Sue Miller, chairman and Minnie Brown as co-chairman for the club's annual fish fry and pork steak dinner to be held Aug. 6 and 7 at Schermer's Market, 12th Street and Madison Avenue.

Mrs. Brown presided and led the group in the pledge of allegiance at the session held Tuesday night at the Sportman's Club. Prayer was given by Chaplain Joann Wilkins.

Reports were submitted by Mary Rogenski and Julia Goclan on the food stand at the Ethnic Festival held during the Fourth of July weekend and on the Bicentennial parade.

A certificate of appreciation was given to the club by the parade committee for their participation and from Nelson Hagnauer, chairman of the Madison County Board for the organizations contribution of a display case and history of Madison installed at the Edwardsville courthouse.

Hostesses for the evening were Rose Rodgers and Maxine Costoff. Named to serve at the August meeting were Vera Sikora and Georgia Graham.

Others present were Catherine Hakkasainen, Laverna Harris, Mary Kretovich, Lucille Curtman, Ida Dant, and Winnie Sasyk.

FINAL DETAILS are discussed by Delores Waeltz, left, material management director, and Jack Grieves, right, assistant vice-president of the hospital, in front of his new office located on the fifth floor of the old wing of St. Elizabeth Hospital. The fifth floor has been added to the present structure and will house administrative offices.

Madison students at SIU music camp

Miss Christine Gorka and Mark Liszewski, Madison High School students, are attending the "Music and Youth At Southern" a program sponsored by Southern Illinois University on the Carbondale campus.

The two-week music camp, which concludes July 24, concentrates on band, orchestra, chorus, stage band and music theory.

Both Madison students will start their senior year this fall. They are members of the Madison High School Band and were selected to represent that organization on the basis of musicianship and scholarship, according to William R. Ledbetter, band director.

Liszewski, son of Mr. and Mrs. Joe Liszewski, 1807 Rhodes St., Madison, is attending the camp on a scholarship provided by the Madison Minerva Reading Club.

His instruments are cornet and accordion, and he won "superior" awards in the State Solo and Ensemble Music contest with a cornet solo and as a member of a brass sextet.

The youth is a member of the National Honor Society, the Foreign Language Club and the Civil Defense Club.

Miss Gorka is participating in the SIU program on a scholarship furnished by the Madison Band Parents' Club.

She is the daughter of Mr. and Mrs. John Gorka, 1932 Sken St., Madison. In the state music contest she also won "superior" ratings as a member of a French horn quartet and a brass sextet.

Miss Gorka plays the French horn. She is a member of the school's National Honor Society and the Madison High Student Council.

FORMER GC TEACHER ATTENDS CONVENTION
Mrs. Paul G. Denford, a former teacher at Nameoki School and now retired and living in San City, Ariz., attended the 51st biennial convention of Kappa Kappa Gamma, a women's collegiate fraternity, held in Coronado, Calif.

Kappa Kappa Gamma has chapters on 96 university and college campuses in the United States and Canada, and alumnae organizations in 350 cities around the world. The theme for the meeting was "Heritage".

Camelot auctions benefit thousands

Literally thousands of people in the Quad-City area benefit from the joint Rotary-Optimist Camelot Auctions each year. Several business men donate items or give them to the clubs at cost. The items in turn are auctioned to the highest bidder. What has become a major

social event, the annual benefit dinner and auction will take place at 5:30 p.m. Saturday, Oct. 2, at the Sunset Hills Country Club. Last year the Granite City Rotary Club donated \$2,000 from the Camelot proceeds for the new Salvation Army

building, \$1,000 to Mobile Meals on Wheels program, \$1,000 to create a meeting and work room at the local Boy Scout office and \$1,500 for a community billboard. The Granite City Optimist Club whose motto is "Friend of Youth" purchased a \$1,000 duplicating machine for Coordinated Youth Services, gave \$885 to the YMCA to help with its renovation program, and gave \$1,500 to pay for the Boy Scout mailings of training material to area scout leaders. Ticket sales and solicitation of goods to be auctioned have

First joint implants at St. Elizabeth Hospital

Surgery requiring total replacement of vital joints of the arm and leg has been performed for the first time at St. Elizabeth Hospital. Dr. Xamnan Tulyasathien performed both operations. Dr. Tulyasathien placed a metal elbow prosthesis in the right arm of Harold Tindall of East Alton. As a result of a gun

shot wound, Tindall had lost the ability to bend his arm. Doctor Tulyasathien anticipated that he would have a full range of motion within two months following surgery. Dr. Tulyasathien performed a total knee joint replacement on Mrs. Maxine Skinner of Madison in June. Mrs. Skinner, a victim of arthritis, was a candidate because her arthritis was advanced to the point where she was in constant pain. Such implants are more common than one would assume. Dr. Tulyasathien, an orthopedic surgeon, said that the surgery has become more

successful in the past five years because of the development of a cement substance which acts as a great stabilizer of the implants. Total joint replacements are most commonly performed on persons who suffer from rheumatoid arthritis or osteoarthritis to lessen the pain or to return the joints to functioning capacity. The doctor emphasized that a patient's desire to succeed is a major factor in recovery. Doing the prescribed exercises is essential if full recovery is to be realized. Mrs. Skinner summed it up by saying, "The doctor has done his job, now it is up to me."

MRS. MAXINE SKINNER of Madison, left, undergoes physical therapy session with Therapist Rose Bruemmer after undergoing a knee joint replacement at St. Elizabeth Hospital. Mrs. Skinner, a victim of arthritis, was one of the first two joint replacement operations performed at the hospital by Dr. Xamnan Tulyasathien.

S. F. Titchenal, 74, dies

Spencer F. Titchenal, 74, of 3844 Timberlake Drive, Belleville, formerly of 1345 Grand Ave., Madison, died at

10:35 a.m. Tuesday at St. Elizabeth Hospital, Belleville. He had been ill six months and hospitalized five days.

Born in Woodburn, Ill., Mr. Titchenal resided in Madison and Venice for many years prior to moving to Belleville two months ago.

He was employed 20 years as a welder at General Steel Industries before he retired eight years ago.

Mr. Titchenal was a member of City Temple Church. His wife, Mrs. Alma Titchenal, died in 1964.

Survivors include one son, Bill Wesley Titchenal of Belleville; two brothers, Russell Titchenal of Paducah, Ky., and Preston Titchenal of Peoria Heights, Ill.; one sister, Mrs. May Baston of Cowley, Wyo.; three grandchildren and two great-grandchildren. Arrangements are given in the obituary column.

Sunshine Class hears Mrs. Smith

Mrs. Evelyn Smith teacher for the Sunshine Class of Second Baptist Church spoke on "A Virtuous Woman" at the monthly meeting of the group, Tuesday.

She was employed at the Cottonwood Road, Edwardsville. Mrs. Wilkinson resided in the Quad-City area until 1962 when she moved to Edwardsville. Survivors include her husband, John E. Wilkinson; five children, John Jr., Jamie, Joan, Jill and Jody Wilkinson, all at home; her father, Kenneth E. Mueller of Venice and two brothers, Larry Mueller of Maryland and Robert Mueller of Granite City.

Her mother, Mrs. Roberta Mueller, preceded her in death. Funeral arrangements are given in the obituary column.

against the sewers out of more than 7,000 registered voters in Area One. He also said the 2,073 signatures obtained of Homeowners probably represents less than 1,200 homes, due to multiple ownership by husbands and wives who signed the petitions. He noted there were 3,400 homes in Area One at the last census in 1970.

He noted both Areas Two and Three were close in at least one of the two categories of obtaining signatures of the 51 per cent needed to halt the creation of the taxing districts there. State law specifies that if 51 per cent of the registered voters and 51 per cent of the property owners in a proposed taxing district sign petitions opposing it, the district can not be created.

Creation of separate taxing districts is necessary in order to sell general obligation bonds for the one-fourth local share of the construction costs. General obligation bonds are repaid by taxes from the special taxing district. State and federal grants have been offered to fund three-fourths of the construction cost.

The county special sewer committee ruled out financing the local share of construction with revenue bonds, which are paid back through sewer user fees, feeling the bonds would be difficult to sell and would be far more expensive than general obligation bonds.

Miss Bowles' office has analyzed the petitions from Areas Two and Three.

In Area Two, 337 persons signed as registered voters and 322 were found to be actually registered. Thirteen were not registered and two others were registered, but were presently suspended from having voting rights.

With 641 total registered voters in the district, 338 signatures would have been the 51 per cent needed to halt the taxing district. The 322 actually certified, therefore, fell only four short of meeting the requirement.

Miss Bowles' records also showed that of 614 owners of record in the district, 323 signed the petition, but only 225 were listed in the board of assessors. The 225 certified signatures fell 88 short of the 313 signatures

which would have been 51 per cent of the owners of record. In Area Three, 489 persons signed as owners of record, but only 241 were certified by the computer check. Of the 879 registered total number of owners, the 241 who signed fell far short of the 448 which would have been required as 51 per cent.

The count was much closer, however, on the registered voters in Area Three as they fell only three signatures short of the 51 per cent mark. A total of 479 signed as registered voters in Area Three, but only 387 were certified as registered voters.

Three others were declared registered voters who presently are suspended from voting privileges, exactly the number needed to reach the 390 signatures required as 51 per cent of the 764 registered voters in the special service area.

If the clerk's office certifies the Area One petition by Wednesday as being insufficient to create blocking the taxing district's creation, the board then decide whether to proceed in Area One.

If the board approves Area One, as Sparks predicts, the resolutions now being prepared will authorize the release of specifications to contractors for bidding and will authorize the sewer committee's bonding attorneys in Chicago to begin selling bonds for the local share of the construction cost.

The total amount of bonds which will need to be sold for Area One sewers will not be determined until bids for the work are received and contracts are signed. At that point, the committee will be able to determine how much will be funded locally, and thereby, know how much needs to be raised by the sale of bonds.

Specific figures then will be available to homeowners how much they will be taxed for sewers. One major objection to the sewer program has been that residents are allowing their taxes to be increased for sewers, but do not know just how much that tax will be.

That issue is expected to be discussed by the County Board which will begin its regular meeting at 9:30 a.m. Wednesday in the board room of the Madison County Courthouse at Edwardsville.

Venice town hearing for budget change

The Venice Town Board of Auditors will hold a public hearing Tuesday, Aug. 10, 4 p.m., at the township office, 1502 Fifth St., Madison, on the proposal to add \$24,000 to the town fund budget.

The extra \$24,000 is necessary to repay a loan of that amount last year from the federal revenue sharing fund to the town fund.

The addition will increase the town fund to \$121,091 while the revenue budget will remain at \$25,124.

Rites Friday for Denver Hurt, 53

Funeral services will be held at a Granite City funeral home Friday afternoon for Denver Hurt, 53, of 1832 E. State St. He died at 11 a.m. Saturday at his home.

He was born in Cannel City, Ind. Mr. Hurt was a World War II Army veteran. Survivors include two sons, Douglas Hurt of Delphos, Ohio, and Jim Hurt of Finley, Ohio. Arrangements are given in the obituary column.

Hears door break

The latch was pried from the front door at the home of Adam Davis, 2031 Bryan Ave., and the door was forced open, it was discovered at 10:45 a.m. Tuesday. The house was ransacked and three kinds of prescription medicine was stolen.

Police questioned several neighbors and one said he heard a crash about 11:45 p.m. Monday and looked outside to see the door on the Davis home open.

He said he returned inside his house for a minute and when he went back outside, there was no one in the house. He said he did not notify police because he does not have a telephone.

Carter

(Continued from Page 1)

when his expected victory became a certainty Wednesday night. As a reminder to delegates and the listening nation of past election triumphs by the Democratic Party, the convention band struck up "Happy Days Are Here Again."

In a convention lacking surprises in its first two days, Carter managed to maintain suspense about his choice of running mate. By mid-afternoon Wednesday, he insisted to reporters he still had not decided on the vice presidential candidate and noted at today's press conference that he had "changed my mind three times."

The Illinois vote in the presidential balloting was 164 for Carter, 2 for California Gov. Edmund G. Brown Jr., 1 for Senator Morris Udall and 1 for Alabama Gov. George C. Wallace.

In the main-nominating speech last night, Rep. Peter W. Rodino Jr. of New Jersey said, "As he has brought a united South back into the Democratic Party, he will bring a united Democratic Party back into the leadership of America and a united America back to a position of respect and esteem in the eyes of the world."

Carter will deliver his acceptance speech at 9:30 p.m. today (St. Louis time). The vice presidential nominee will make his acceptance speech at 8:30 p.m.

2 on cycle hurt

Michael Dix, 22, of 3040 Buxton Ave., was injured when he lost control of his motorcycle at the curve in East 23rd Street in the 1600 block and it skidded about 200 feet and fell.

A passenger on the motorcycle, Raymond Holt, 3255 Kirkpatrick Homes, suffered minor injuries which did not require hospital treatment, said Dix was taken by ambulance to St. Elizabeth Hospital where he was admitted with a possible fracture to his right foot and injuries to his right hand and elbow and left elbow. A series of x-rays was taken.

NOTICE OF
PUBLIC HEARING
I, Notice is hereby given that
public hearings will be held by
the Bi-State Development
Agency on Monday, August 16,
1976 at the St. Clair County
Government Center, Room B-
561, No. 10 Public Square,
Belleville, Illinois, from 9:00
a.m. to 1:00 p.m.; and on
Tuesday, August 17, 1976 at the
St. Louis County Council
Chamber, 2000 Convention
Center, 7000 Forsyth Boulevard,
Clayton, Missouri, beginning at
7:00 p.m. for the purpose of
considering projects for which
financial assistance is being
sought from the Urban Mass
Transportation Administration.
Pursuant to Sections 5 and 3 of
the Urban Mass Transportation
Assistance Act of 1974 and the
Illinois Department of Trans-
portation, Division of Public
Transportation, pursuant to
Illinois Revised Statutes (1973)
Chapter 127, Section 19.05 (2)
and (4). The projects are
generally described as follows:
I. Purchase of 150 new
transit vehicles, 14 of which
are 19-passenger vans specifi-
cally designed for the elderly
and handicapped, 100 new
spare assemblies and shop
equipment; 208 two-way
radios and related equip-
ment; a computerized infor-
mation answering system;
250 new passenger shelters;
100 new bus stop signs;
new bus stop signs; and office
equipment.
II. The projects are to be
used throughout the Bi-State
transit district which includes
the City of St. Louis, St. Louis
and St. Charles Counties and
in portions of Madison, Monroe
and St. Clair Counties in Illinois.
III. The projects are es-
timated to cost \$21,267,460,
with \$16,807,784 and \$4,460,170
being requested under Section
and Section 5 respectively.
3. Federal grants covering
80 percent of the projects cost
(\$17,009,488) are being
requested under Section 3
(\$13,438,307) and Section 5
(\$3,566,186). The local mat-
ter of \$4,201,672 to be pro-
vided by the State of Illinois
(\$784,994) under the pro-
vision of Public Act 77-
153, and by Bi-State capital
funds.
B. No persons, families, or
businesses will be displaced
by the projects.
C. The projects will have no
adverse environmental effect
upon the urban area.
D. The projects are in direct
conformance with compre-
hensive land-use and trans-
portation planning for this
area, and are consistent
with the St. Louis Region's
Comprehensive Land-Use Plan,
Amended Annual Element,
the FY 1976-1980 Transit
Development Program and
the FY 1976-1980 Transit
Improvement Program and the
FY 1976-1980 Transit
Program (TIP).
E. Elderly and Handi-
capped persons will be
equipped with the latest
technological advances to the
elderly and handicapped
in their use of the bus system.
In addition to the new buses,
the purchase of 14 new
passenger vans specifically
designed for the elderly and
handicapped have been made
under the Bi-State's Section 3
Grant Application.
Many of the other items
contained in the application
including: passenger
shelters, bus stop signs,
a computerized information
answering system, two-way
radios, etc., will enable the
transit system to continue to
provide the essential service
of mobility to many persons
who are totally or largely
dependent on it, including the
elderly and handicapped.
II. At the hearing, the Bi-State
Development Agency will af-
ford an opportunity for all in-
terested persons or agencies to
be heard with respect to the
social, economic and en-
vironmental aspects of the
projects. Interested parties
may also submit in writing
evidence and recommendations
with respect to said projects.
III. A copy of the application
for Federal and State of Illinois
Capital Assistance, together
with the Bi-State's FY 1976-1980
Transit Development Program, the
FY 1976-1980 Transportation
Improvement Program and the
FY 1976 Amended Annual
Element are currently
available for public inspection
in the office of the Bi-State
Development Agency, 3669
Park Avenue, St. Louis,
Missouri, and at the
Paul Brown Building, Room
630, St. Louis, Missouri.

Potential professor prefers life of an SIUE campus officer

Many employees at Southern Illinois University at Edwardsville have three college degrees listed behind their names and have taken additional coursework in their field. Most of these people are called professors or deans by SIUE students, but one of them is called officer.

That's the title that Ed Williams of Glen Carbon, an officer with the SIUE University Police, proudly wears. When newspaper and magazine articles are claiming that American workers are bored or have no pride in their work, Ed Williams is a pleasant contradiction.

But it wasn't too long ago that Officer Williams was one of those uninspired workers. "I've been with SIUE for over two years," he said. "I worked for five years in marketing research and sales for Kellogg's."

"I always felt that to do a job well you must be satisfied with the job," he said. "Your competence comes from enjoying your work. I had been interested in law enforcement for five or six years. Some people hate to get up and go to work in the morning, but I don't feel that way anymore."

"That helps me do a better job. If we are not satisfied with our jobs, we end up taking it out on the public, and that is not what we are here for," he said. His concern for people and maintaining excellence in his job is what attracted him to law enforcement. "The concept of law enforcement has changed in the last five years," Williams said. "Police officers used to be the largest, meanest and dumbest. But that has changed. We have to be as smart as a lawyer, and many of us actually take more criminal law courses than lawyers."

The day of the third degree is long gone and it should be. Law enforcement officers are better trained than they were even five years ago," he added. Williams is a prime example of the training that SIUE and other police officers undergo today to succeed in the highly competitive field of law enforcement. He participated in over 240 hours of training at the Police Training Institute at the University of Illinois.

There, he was given the Ervin H. Warren Award for Excellence. As a graduate in the top 10 percent of his class, he was selected by his instructors for the award.

Williams also holds a bachelor of arts degree in government from SIUE and an associate in science degree from Belleville Area College. As if that weren't enough, he recently graduated as a straight "A" student from Lewis and Clark Community College in Godfrey. With his double associate in applied science degree in criminal justice and law enforcement, he graduated with high honors and was always listed on the LCCC president's honor list.

With a wife, Beverly, and an infant son, Scott, to take care of, Williams takes his life very seriously.

Williams quickly learned how important excellence is in his work. His third day on the job at SIUE, he was present at a \$50,000 armed robbery of an SIUE payroll and risked his own life trying to stop the robber, even though Williams was unarmed at the time.

"I had not yet been issued a gun and had gone along to observe," he said. Williams received a letter of commendation for knocking the armed robber to the ground and possibly saving his fellow officer's life.

As a patrolman, Williams and eight other patrolmen at SIUE are responsible for all areas of police work on campus. But since SIUE officers are police officers as well as security officers, their arrest powers extend throughout the state. They can even be called to give assistance to other enforcement agencies.

Williams said crime at SIUE reflects the crime occurring in the rest of the country. "Eighty-five percent of the arrests made at SIUE are of outsiders," he said.

Arrests at the University have included everything from armed robbery to streaking. And unlike many enforcement agencies, SIUE police can boast a 75 percent conviction rate of those people arrested and booked.

His work at SIUE has made the Navy Vietnam veteran see things a bit differently without becoming a cynic. "This is not a job but a profession," he said. "I try to be as professional as I can, and if I don't know something, I will try to find the answer."

Officer Williams added, "We have a code of ethics that we have to live up to and are trained by. It is hard to be totally knowledgeable about everything involved in our work, but we try. I'm just very proud to wear the title, police officer," he said.

Mental Health Clinic dinner to be July 30

The annual social hour and dinner of the Board of Directors of the Mental Health Clinic, Quality Center, will begin at 6 p.m. Friday, July 30, at the Sunset Hills Country Club. The event will begin with a social hour from 6 p.m. to 7 p.m. with dinner and the evening's program from 7 p.m. to 9 p.m. The program will be followed by dancing to "The Casuals." Reservations costing \$10 per person should be submitted by tomorrow to the dinner chairman, Dr. Felicia Koch, 2641 Edison Ave.

PROFESSIONALISM IS IMPORTANT to today's police. Ed Williams of Glen Carbon, an officer with University Police at Southern Illinois University at Edwardsville, notes as he prepares to go on patrol. Officer Williams holds degrees from SIUE, Belleville

Area College and Lewis and Clark Community College, where he recently graduated as a straight "A" student. Williams said that the concept of law enforcement has changed in the past five years and many of today's police officers actually take more criminal law courses than lawyers.

Ethnic heritage stressed at fair

In announcing plans for turning the heart of the 1976 Illinois State Fair into a statewide folk festival, the Illinois Bicentennial Commission, the Illinois State Fair Agency and the Illinois Consultation on Ethnicity in Education has urged the participation of ethnic and minority groups in this major Bicentennial celebration.

The Bicentennial Multi-Ethnic State Festival will run from Aug. 12-22 in "Heritage Square", centrally located on the fairgrounds in Springfield. In keeping with the atmosphere of this international village, concession and display booths

will feature a distinctive variety of art, crafts, ethnic cooking and colorful exhibits.

Heritage Square, an open air theatre, will host entertainment daily from 11 a.m. to 8 p.m. Performing will be traditional singers and folk dancers representing more than 30 countries. The pavilion will honor groups from Germany, Japan, Norway, Yugoslavia, Ireland, Poland, Africa, Lithuania, Korea, the Philippines, Columbia and Russia, to name a few.

As diversity of ethnic heritage is part of Illinois' past, it should also be a proud part of her present and future. This underlying theme, shown in a major photographic exhibit, will explain the meanings and values of ethnicity in modern American life. Plans are under way for a series of discussion forums on the present and future problems facing ethnic groups. These forums, sponsored in part by the Illinois Humanities Council, will bring state-wide experts and laymen together.

The celebration of ethnicity in American life is synonymous with the celebration of the history of the American people. Too easily in the past have Americans thought of themselves as a single people — united in common purpose — instead of remembering that America was born in the sweat of German farmers, the toil of Irish millworkers, the unrelenting labor of Black slaves, and the day-to-day efforts of millions of other people from a hundred different lands all over the world.

Too often the myth of the "Great Melting Pot" has obscured the fact that all Americans were at one time or another from "somewhere else." It is this great diversity, the true hidden strength of American society, which the Illinois Bicentennial Commission wishes to celebrate with its Ethnic Festivals Program.

The great variety of people who settled in Illinois and

helped it grow are an important part of the state's birthday program. "Heritage Square" at the Illinois State Fair offers opportunities to celebrate ethnicity through the universal communication of music, dance, food and fun as part of the Bicentennial Celebration in Illinois.

deriving theme, shown in a major photographic exhibit, will explain the meanings and values of ethnicity in modern American life. Offer grants for foreign research

The National Science Foundation (NSF) will provide support for scientists and engineers from U.S. colleges and universities to teach and conduct research in developing countries in Africa, Asia, and Latin America. The Office of Research and Projects at Southern Illinois University at Edwardsville has announced. The program, sponsored by the Scientists and Engineers in Economic Development (SEED), is designed to enable U.S. scientists and engineers to share their knowledge and experience in fields important to the economic development of the host countries.

The academic disciplines include engineering, physical sciences, earth sciences,

biological sciences, social sciences, and science education.

The program will provide research and teaching grants and international travel grants. Research and teaching grants will enable scientists and engineers to spend five months to a year at an academic institution in a developing country. Stipends and fringe benefits may be paid up to \$1,500 per month.

International travel grants will be awarded to scientists and engineers for short-term visits to conduct seminars, give lectures, review specific research projects, and survey educational developments.

For the 1977 program, the NSF anticipates awarding approximately 40 grants totaling \$400,000. The closing date for submission of proposals is Dec. 15.

Guidelines for preparation of proposals are available from the Office of Research and Projects, Southern Illinois University at Edwardsville.

St. Jacob plans 101st homecoming

The 101st Homecoming celebration will be held July 17 and 18 in the center of St. Jacob, Ill. This year's homecoming will feature a parade each night, Saturday at 7 p.m. and Sunday at 6 p.m. consisting of floats, bands and marchers. There will be concession rides, games and refreshments available.

A children's matinee will be held Sunday afternoon.

Both nights will feature free dancing under the big tent. For further information, Quad-Cityans may call Richard Schiefer at 1-(818)-644-5744 or 1-(314)-771-6000.

Madison seaman in Navy review

Navy Aviation Boatwain's Mate Claude A. Moran, 19, son of Mr. and Mrs. R. B. Moran, 2120 Hildebrand Ave., and whose wife Robin is the daughter of Mr. and Mrs. Ralph Miller of 1001 Iowa St., all of Madison, participated in the International Naval Review in New York Harbor early this month as a crew member on the aircraft carrier USS Forrestal.

He was one of the 20,000 navymen who took part in the Navy's formal Bicentennial commemoration of the nation's maritime heritage. The review included a total of 50 ships representing more than 30 countries.

This was the fourth International Naval Review sponsored by the U.S.; the last was conducted in 1957 in Hampton Roads, Va.

Moran's aircraft carrier joined 21 other U.S. ships taking part in the review. This task force, composed of ships from the Atlantic Fleet, was led by Vice-Admiral John J. Shanahan, commander of the U.S. Second Fleet. Participation in the review is one of the significant events of an ongoing fleet exercise titled "Operation 200."

"Operation 200, a seven-week exercise, includes fleet maneuvers and missile firings. In addition, there will be amphibious operations, plus naval gunfire support and anti-submarine warfare training. Many of the "Operation 200" ships have midshipsmen from the U.S. Naval Academy and Naval Reserve Officer Training Corps (NROTC) units embarked.

The midshipsmen are undergoing summer training to learn shipboard routines and gain practical experience in seamanship, navigation, gunnery, and communications. A 1974 graduate of Madison High School, he joined the Navy in July 1974. His ship is homeported in Norfolk, Va.

TOWNSEND GRADUATES AT GREAT LAKES BASE

Navy Seaman Recruit Terry L. Townsend, son of Mr. and Mrs. Orin M. Townsend of Rural Route 2, Granite City, has graduated from recruit training at the Naval Training Center, Great Lakes, Ill.

Classes include instruction in seamanship, military regulations, fire-fighting, close order drill, first aid and Navy history.

A 1975 graduate of Granite City North High School, Townsend joined the Navy in January.

State Blue Book will not be blue

Limited distribution of the new 1975-76 Bicentennial edition of the Illinois Blue Book has started, Secretary of State Michael J. Howlett has announced.

First copies of the full color book have been presented to President of the Senate Cecil Partee and Speaker of the House of Representatives William A. Redmond. All members of the General Assembly also received Blue Books before scheduled adjournment.

"We have two new features highlighting our latest edition of the Blue Book," Howlett said. "One is a special Bicentennial section and the other is a historical first, the listing of all members who have served in the General Assembly, dating back to 1818 when Illinois became a state."

The two Blue Books published under Secretary Howlett averaged \$2.74 per copy for the two editions. This was a 36 per cent saving for both publication costs, compared to the total amount and \$2.78 per unit cost spent by the previous administration for the 1971-72 book.

"Despite skyrocketing increases in labor and materials through inflation, we lowered costs by printing 15,000 less copies and reducing the number of pages," Howlett pointed out.

"In recognition of America's 200th birthday, the colors of this edition are printed in Bicentennial red, white and blue with the cover predominantly white," said Howlett. "A word of explanation may be necessary for those who believe this would no longer make it the Blue Book."

The term "blue book" is of English government origin. In Britain, parliamentary reports were usually published in blue covers - hence the term "blue book."

Both classes will meet from 9 a.m. to 10:30 a.m. Monday through Friday. A minimum of 10 participants is required for these classes.

The second session of boys' swimming classes also begins on July 19 and will go through July 30.

A second session of girls' classes will start on Aug. 2 and continue to Aug. 13. Times for both boys and girls classes will be: beginners, 10:30 a.m. to 11:15 a.m. and intermediate and advanced, 9 a.m. to 9:45 a.m., Monday through Friday.

A \$2 insurance fee will be charged to those living in the park district, with an additional \$7.50 charge to non-residents. Registration for all classes may be made in person at the pool office. Those wishing further information may call the office at 876-7466.

Open SIUE fall quarter registration on Sept. 15

Appointment cards for fall quarter registration at Southern Illinois University at Edwardsville may be picked up at the enrollment office beginning Monday, according to C. B. Collier, assistant registrar at the University.

The enrollment office, located in room 130C of the John S. Randleman Building, is open on weekdays from 8 a.m. until 5 p.m.

For the benefit of students attending night classes at the University, appointment cards may be picked up at the admissions and records office, room 1207, on Mondays, Wednesdays and Thursdays from 5 until 7 p.m. and on Saturdays from 8 a.m. until noon.

To obtain an appointment card, students must have in their possession their most recent receipt card (No. 3 card), Collier said.

Fall quarter registration will begin Sept. 15. Registration with an appointment is scheduled Sept. 15 and 16 from 8:30 a.m. until 7 p.m. Registration without an appointment (open registration) will be held Sept. 17 from 8:30 a.m. until 3 p.m. and Sept. 23 from 8:30 a.m. until 7 p.m.

According to University officials, it is not too late to apply for admission. However, individuals interested in taking a class or classes at the University during the fall quarter and who have never been admitted, should make application immediately.

Additional information for admission procedures is available at the Office of Admissions and Records, SIUE.

ON Monday, July 12, two members, Tracey Johnson and Laura Jenness represented the 58ers at the County Demon-

stration Contest. Mrs. Marsha Bushue accompanied the girls to Edwardsville for the contest.

Parents and friends who accompanied the girls to the achievement show today included Mrs. Janet Scannell, Julie Scannell, Mr. Richard Ault, Mrs. Arla Ault, Marta Ault, Ellen Range, Mrs. Marsha Bushue, Rachel Bushue and Mrs. Joanna Spencer.

All members are urged to attend the Aug. 5 meeting to complete records and participate in the surprise program planned by the leaders. The meeting will begin at 7:30 p.m. at St. John's United Church of Christ on Nameeki Road.

58ers successful at county competitions

Members of the 58ers 4-H Club received 19 blue ribbons and seven red ribbons in foods, crocheting and childcare projects at the Madison County Achievement Show held in Edwardsville earlier this month.

Blue ribbons are "A" ratings and red ribbons are "B" ratings.

Still to be judged are clothing projects and arts and crafts projects to be shown at the Madison County Fair at Highland on July 26.

Girls who have completed their project work are: "You Learn To Bake" project — Penny Strum, A; Kelly Ault, A; Lisa Griffey, A; Laura Jenness, A; Tracey Johnson, A; and Bobbie Schindlmann, A.

"Let's Start Cooking" project — Janice Owens, A, and Gloria Milianis, A.

"Meals For Today" — Karen Spencer, A, Janet Scannell, A, Shannon Bushue, B, and Patty Basarich, B.

"Feast Breads in Your Meals" — Donna Jones, B; "Teen Time Food Fare I" — Dina Long, A, and Sue Basarich, A.

"Preservation and Freezing" project — Cynthia Goeller, B, and Shannon Bushue, B. In the "Fun With Children" project Sue Basarich received an A and Pam Snelson received a B.

Crocheted items exhibited were, first year, Mary Ruth, B; Lisa Scannell, A, and Donna Jones, A. Second year crocheting was shown by Janet Scannell, A, and third-year crocheting, Michelle Jenness, A.

ON Monday, July 12, two members, Tracey Johnson and Laura Jenness represented the 58ers at the County Demon-

stration Contest. Mrs. Marsha Bushue accompanied the girls to Edwardsville for the contest.

Parents and friends who accompanied the girls to the achievement show today included Mrs. Janet Scannell, Julie Scannell, Mr. Richard Ault, Mrs. Arla Ault, Marta Ault, Ellen Range, Mrs. Marsha Bushue, Rachel Bushue and Mrs. Joanna Spencer.

All members are urged to attend the Aug. 5 meeting to complete records and participate in the surprise program planned by the leaders. The meeting will begin at 7:30 p.m. at St. John's United Church of Christ on Nameeki Road.

Sessions will meet in Room 042 of the Peck Classroom Building on Tuesdays from 6:30 until 8 p.m. Instructor for the course will be Robert Grinstead.

Registration will be \$5. Additional information on the workshop and other workshops offered during July may be obtained by contacting Bonnie Little, coordinator of Conferences and Institutes at the University.

Course in plant care at SIUE

A short course for plant lovers on the care and feeding of house plants will be offered at Southern Illinois University at Edwardsville beginning July 27 and ending Aug. 17. Inexperienced plant owners are encouraged to register for the course.

The workshop will include plant identification, common plant ailments and recommended solutions, and selection of plant types for specific locations in the home. Discussion of individual house plant problems will be encouraged.

Registration will be \$5. Additional information on the workshop and other workshops offered during July may be obtained by contacting Bonnie Little, coordinator of Conferences and Institutes at the University.

Re-elect Davis to head Long Lake Fire District

Harold Davis, 2230 Shirlene
Drive, was re-elected president
of the Long Lake Fire
Protection District Board of
Trustees during the board's
annual reorganization meeting
Monday night.

The three-year term will be
Davis' second term on the
board. Lloyd Miller Jr., was
selected for his third three-year
term as the district's treasurer
with Mrs. Irene Karlechik
serving her second term as
secretary.

The board also approved a
tentative budget to be posted
publicly for 30 days before final
passage. The \$105,350 budget
includes a \$50,000 contract with
the Long Lake Fire Depart-
ment.

* HAROLD W. DAVIS
Heads fire district

The fire protection district is
the taxing body which supports
the Long Lake Fire Depart-
ment. Last year the fire
department had a contract of
\$49,000 with the protection
district.

The board Monday night also
received notification from
Madison County Clerk Evelyn
Bowles that a tax rate of 30.2
cents per \$100 assessed
valuation has been certified for
collection this year for the fire
district.

The rate includes 30 cents for
the district and fire department
operations and .2 of one cent for
auditing.

The budget includes \$1,000 for
the annual rental of newly-
installed fire hydrants which is
paid by a revenue sharing grant
from Nameoki Township and is
not directly supported by local
tax funds.

The new budget includes \$200
for administration, \$1,500 for
legal fees, \$50,000 for the fire
department contract, \$1,500 for
trustee salaries, \$18,000 for new

equipment (partial payment on
a rescue truck), \$1,000 for
contingencies, \$20,000 to retire
an outstanding tax anticipation
warrant, \$2,200 for insurance,
\$9,000 to complete the 1975-76
contract with the fire depart-
ment, \$450 for convention ex-
penses and the \$1,000 fire
hydrant rental.

The \$500 for auditing ex-
penses is a separate budget.

The budgets will be on public
display on the public bulletin
board at the fire department
station on Pontaon Road in
Pontaon Beach until Wednes-
day, Aug. 11, when a public
hearing on the budget will begin
at 7 p.m. at the fire station.
Final passage by the board will
follow the public hearing.

In other business Monday
night, the board approved
continuing to use Irvin C. Slate
Jr. as the board's attorney.

The trustees also voted to pay
\$2,000 to the fire department as
a portion of last year's contract.

Honored by National Guard

Sergeant Eldon D. Monk, 3501
Lake Drive, Pontaon Beach,
was one of three men from his
Illinois Army National Guard
unit who received special
recognition for his leadership
skills while serving with his unit
in Wisconsin.

Monk, a member of Company
C, Third Battalion, 130th
Infantry in Litchfield, received
a four-inch buck knife which
was presented to him by the
officers and NCOs of the in-
fantry unit.

The knife was presented to
Monk for his outstanding
abilities in leadership, tactics
and instruction while training
with Company C during annual
training at Fort McCoy, Wis.

A design draftsman with the
Illinois Department of Trans-
portation in Fairview Heights,
Monk joined the Army National
Guard in October 1971, and
recently is a team leader of the
Litchfield infantry company.

Monk and his unit returned
home Saturday, July 10, after
spending two weeks of field
training at Fort McCoy, a
regular Army post located 250
miles northwest of Chicago.

SGT. ELDON MONK

Monk is a graduate of
Napier High School.

NAPPIER COMPLETES
4.0 COLLEGE YEAR
James Napier, son of Mr.
and Mrs. David E. Napier of
Rosebud, Mo., formerly of
Madison, has completed his
junior year at the University
of Houston, Tex., carrying a 4.0
grade point average.

He now is employed by the
Southwest Research Institute in
Houston as a marine biology
technician until resuming his
senior year of study this fall.

Napier is a graduate of
Madison High School.

Few vacancies — more residential construction is needed

A indication of the need for more adequate sanitary sewer service to expedite construction of additional residential units in this region is provided by the latest postal vacancy survey, announced by a former Granite Cityan, Boyd O. Barton. He is director of the Springfield Insuring Office of the U.S. Department of Housing and Urban Development. The U.S. Postal Service cooperated with HUD in this year's survey.

Of the 173,763 total possible deliveries surveyed in Madison, St. Clair, Clinton and Monroe counties, 144,207 were residences, of which 2,451 or 1.7 per cent were vacant. The vacancy statistics included 184 newly-

completed homes. A total of 360 was under construction.

Among the 20,107 apartments surveyed, 4.9 per cent were vacant. There were 108 new units among the 984 that were vacant. Another 226 apartments were being built. Of 9,449 mobile homes surveyed, 260 or 2.8 per cent were vacant.

In Granite City, 157 or 6.7 per cent of the 2,352 apartments are vacant. Only 17 or 1.6 per cent of the 1,073 mobile homes and only 162 or one per cent of the 15,982 Granite City residences proved to be vacant. Just 31 homes and three apartment units were under construction.

Presidential campaign provides thorough test of new law

Press-Record Washington Bureau—This year's presidential campaign is testing the 1974 campaign spending law. So far, the test is inconclusive. But the law doesn't seem to have done any major harm. And it may be doing some considerable good.

The law was passed in the aftermath of Watergate. It was intended to correct the corrupting effect of excessive fund-raising and spending in the 1972 presidential elections.

That was the year the cost of electing a president rose to nearly \$140 million, up from only a little more than \$20 million in 1960.

That was the year a millionaire Chicagoan gave Richard Nixon's presidential campaign \$2 million, and scores of illegal cash contributions were handed under the table by corporations doing business with the government.

It was the year a General Motors heir gave his favorite presidential candidate, George McGovern, \$729,000.

The 1974 law limited contributions to \$10,000 per individual for each primary and general election. In the primary, this limitation does not seem to have been too onerous upon the candidates.

And each candidate was limited to

spending \$10 million in total for all the primaries. The spending limit does not appear to have been unduly onerous, either.

Taken together, the fund-raising and spending limits certainly held down the role of money in the presidential primary campaigns. It is quite possible that total primary spending was below the \$32.7 million figure for 1972.

Probably the law's greatest beneficiary was one of its strongest critics, Ronald Reagan. That is because the law limited President Ford's ability to raise and spend money in the primaries.

Ford and Reagan each spent close to the \$10 million limit. Without the law, Ford as the incumbent could probably have raised more money than Reagan and outspent Reagan.

Moreover, the Federal Election Commission, created by the law, prevented the President from using White House funds to support his campaign as previous incumbents have done.

Now we will go into the general election campaign with spending limited to \$20 million paid in installments to each major-party candidate. We will have to see how that works out before passing final judgment on the new law.

Howlett's campaign is changing

By RAY SERATI

SPRINGFIELD — Campaign strategy for Secretary of State Michael J. Howlett's drive for the gubernatorial election is undergoing a drastic change.

One of Howlett's major campaign officials, John Gianulis, admits that "all stops are out" for the campaign against Republican nominee James R. Thompson.

The center of Howlett's campaign will be "economy, efficiency and experience," Gianulis said.

Already joining the campaign staff are Ray Buss and Nina Shepard. Buss has been working for Congressman Paul Simon and helping to direct Simon's congressional campaign in Southern Illinois. Shepard is a member of the University of Illinois Board of Trustees. When she ran she surprised everyone with her ability to organize a campaign.

A detailed campaign plan which is going out "to the field" as Gianulis puts it. The plan lists Gianulis as heading the section for campaign coordinators. He will be assisted by Gary Strell, who will also help in coordinating the college campuses.

In all there will be 12

regional coordinators. Thomas Owens will handle fund raising affairs, assisted by Leo Fitzgerald, who also will handle special projects. Strell points out there will be a "big push made on college campuses, which will include voter registration seminars during the coming summer months."

Strell points out statistics show that Howlett always has "done well in college towns."

In the primary election contest against incumbent Gov. Dan Walker, Howlett ran well in the college towns. Strell stresses, "we want to keep this going."

In the population-heavy six-county northeastern section of the state, Howlett is planning an active campaign to go after independent as well as Republican voters.

Howlett and his staff concede he did not do well against Walker in the primary election in Will, Kane, Pope, McHenry and LaSalle counties. But he did well in the suburban section of Cook County.

Gianulis says nearly 2,000 volunteers will be sought to help in the campaign effort in the five so-called "white collar" counties around Cook.

In this drive, Gianulis says, there will be a cross-section of people ranging from senior citizens to college students.

To this Strell adds: "The secretary is committed to use students. We can get a good young staff." Strell also feels senior citizens and younger

voters will complement one another. Gianulis maintains that Howlett's health is good and

he is in campaign shape. Since the primary election he has been interested "in the nuts and bolts of the general election campaign."

Says bureaucrats would misuse ERA

To the Editor:

The recent spectacle of the federal government attempting to outlaw mother-daughter, father-son functions in Arizona public schools is another example of how the bureaucrats can apply the concept of "equality" to areas in which they should have no jurisdiction, and in so doing invade the private sector and infringe upon an individual state's rights.

It is because of this type of abuse and interpretation that the Equal Rights Amendment must not become part of our U.S. Constitution.

This ridiculous ruling came about as a result of Department of Health, Education and Welfare regulations set down in

June 1975 to eliminate "sexism in education."

These regulations dictate to any public or private grade school, high school or university accepting any kind of federal aid that they must sexually integrate all school programs, including gym classes, athletics, admissions, scholarships, etc.

President Ford was so irritated over this interpretation of the HEW regulations that he stated, "I know Congress didn't intend for it to go this far," and had the order suspended.

But what President Ford obviously still doesn't realize is that no matter what Congress

intentions are, the unelected federal bureaucrats and the courts will find ways of a doctrine application.

If ERA is ratified, its effect would be absolute and mandatory, and exceptions such as this one ordered by the President—and others previously—cannot be allowed. This is the type of gender-free society the pro-ERA people are trying to impose upon us, and another showcase display of how the legislating of "equality" and "sex discrimination" takes away our freedom of choice.

Patriotic event—scouting at its best

To the Editor:

This is an expression of appreciation for the adult and youth scout volunteers who gave so generously of themselves, their time and their

energy to make possible the production of "The Spirit of '76 And Beyond" at Busch Stadium Saturday, June 26, by our Girl Scouts and Boy Scouts.

To have viewed the show was thrilling, but to have actually

been a participant was an unforgettable, once-in-a-lifetime experience.

The spirit of cooperation, enthusiasm and patriotism was scouting at its best.

GRATEFUL GPARENT

Will 'quota' fad be extended to include Transylvanians?

Santa Ana Register—Something nobody apparently contemplated when the government got into the "affirmative action" business was that eventually everybody would demand a piece of the action—not just blacks or American Indians or the Spanish surname.

The Chicago-headquartered Midwestern regional office of the U.S. Department of Housing and Urban Development has announced it will extend affirmative action as regards its own work force to include Polish Americans.

It is believed to be the first time a federal agency has agreed to seek proportionate representation of a white ethnic group among its employees.

The decision came as a result of pressure from the Illinois division of the Polish American Congress, which found that while the Polish population of the Chicago area was 19.8 per cent of the total, only 9.4 per cent of HUD employees were Polish.

If affirmative action on behalf of white ethnics in government is here, can the same requirement of private industry be far behind?

And what's sauce for Polish Americans must certainly will be sauce for Graustarkian Americans, Transylvanian Americans and on and on and on.

Of course, way down the line somewhere will be all those Anglo-Saxons.

Best memorial — successful completion of investigation

Press-Record Washington Bureau—The publisher of the Arizona Republic has expressed "anger and outrage" in an editorial promising that somehow justice will be done in the bombing death of reporter Don Bolles, who was investigating organized crime in the Phoenix area.

Needless to say, Americans everywhere share that reaction, but the history of crime syndicates suggests how difficult it will be to trace responsibility for this kind of slaying.

The murder of the Phoenix newspaperman obviously was intended to intimidate reporters and other investigators who persist in trying to penetrate the facade of the racket.

It is up to the press and law enforcement as a whole to demonstrate that these tactics won't work.

The best memorial to Don Bolles will be the willingness of others to pick up where he left off.

Regional archives system
finalized through grant

An Illinois Regional Archives Depository system for storing local government records throughout the state has been established, Secretary of State Michael J. Howlett has announced.

The system, called IRAD, was finalized through a grant of \$211,600 from the National Endowment for the Humanities in Washington to the State Archives division of the secretary of state's office. The two-year grant started July 1 and is effective through June 30, 1978.

Six state universities have been designated as depositories for the program. They are: Northern Illinois, Southern Illinois at Carbondale, Eastern Illinois, Western Illinois, Sangamon State and Illinois State.

Funds from the grant will be used for materials and equip-

ment necessary to store the records and for a staff of 16 graduate assistants which will identify, shelf, arrange and service the records of the area.

"This program has been critically needed in Illinois for many years, but we lacked funding," Howlett said. "Continual addition of government records has created a storage problem throughout the state."

As a result, many records have been improperly stored in city and county offices, causing deterioration and inaccessibility.

Howlett, who by his office is State Archivist, said that both microfilm and original records will be stored in the depositories after being cataloged. The new program will not only save historical records but will allow

scholars, students and the general public to make effective use of government facts.

Local governments will also benefit from the regional depository system. Officials will gain needed space for storage of current records and still have access to older records being transferred to the depositories.

At the end of the two years, the State Archives division will publish a unified comprehensive descriptive inventory, subject indexed, to the holdings of all participating depositories.

"Work on setting up the regional depositories started in 1974," Howlett explained. "Our office has been studying methods to assist government officials throughout the state in protecting the historically valuable records under their jurisdiction. This grant permits

our office to establish this service for all."

For the last several months, a practical implementation of the program on a trial basis has been under way through the cooperation of Northern, Southern and Eastern Illinois. Plans call for 16 graduate interns to work in the IRAD program under the supervision of the State Archives division.

Howlett said that participating universities, faculty committees on each campus have been involved in the selection of materials and programming of ideas that are not programmed into the me-

chanical course, and therefore it is dehumanizing. "One of the problems we have to face," said Dr. Mehan, "is whether we control technology and use it for our own benefit or whether it is going to control us."

The other trend which Dr. Mehan sees — the "organic" — is represented in what he called "the back-to-nature movement, where people already see present schools as

dehumanizing and are going outside the schoolroom to interact with nature, as in the "alternate" or "open" school. "This again can be potentially positive or potentially negative, depending on whether it is controlled, he believes."

"It is positive insofar as it looks to basic human experience as the basis of education. It can be negative if it develops into something where anything goes and

people believe that nothing can top personal experience. Then there would be no push for learning the mathematics and other skills that are necessary for the development of society."

The greatest need in the future, says Dr. Mehan, is to have a fine balance between the two — combining structural learning with the basic learning achieved through human experience.

Looking at education over the next 100 years, Dr. Mehan sees two trends developing: one "mechanical," the other "organic."

"The first, which refers to computer and other electronic teaching techniques, is important and potentially good if it meets certain kinds of objectives," he said. "It is good because it is individualized. A person can suit the instruction to his own time and convenience, simply by dialing a course whenever he wants it."

"But it also is potentially negative because although it can teach basic skills, it cuts down the human interaction — the back-to-nature movement of ideas that are not programmed into the me-

County plans metric road signs

Nelson Hagauer, chairman of the Madison County Board, has announced that in August the county will begin installation of the rural road signs that will be used in conjunction with the Metric Road Reference System Project.

The signs, which are being made by Specialized Services, Inc., the county's sheltered workshop for the handicapped, will be installed by the county's

Office of Manpower Development.

The purpose of the project is to identify, name and sign all county and township roads in the unincorporated portions of Madison County in order to reduce emergency vehicle response time, and to facilitate accident reporting and traffic movement.

In addition to the "signing" of the roads, each rural resident

will be provided a house number based upon the county road reference system to further improve emergency services in the rural area.

Maps displaying the road names developed in coordination with county citizens as well as county and township officials, have been placed on file in the county clerk's office, for public review.

Following County Board

approval on July 21, these names will be adopted as the official road names. In the fall maps and map booklets with the identified road names will be published and made available to the general public.

Questions concerning the project may be directed to Mary Kane or Mr. Arvil Taylor of the Madison County Community Development at 692-4386.

Steel output up sharply

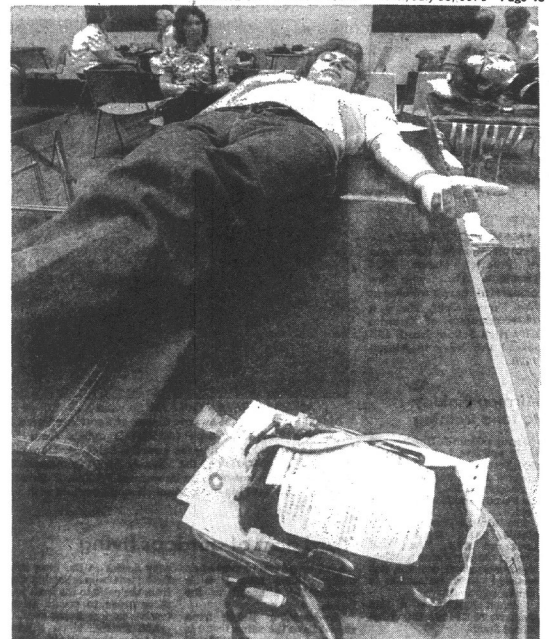

Heavy demand for steel for new cars and trucks, a pattern which has held for several months, helped to send domestic shipments of finished steel in May 28.5 per cent above the same month in 1975.

The American Iron and Steel Institute (AISI) reported that the nation's mills during the month shipped 8,215,000 net tons of finished steel, of which 2,036,000 tons, or 24.5 per cent went to the automotive market.

This brought shipments to all markets for the first five months of 1976 to 38,211,000 net tons, a gain of 6.6 per cent over the same period in 1975.

Steel sent to automakers in both May and the first five months of this year surpassed by more than 60 per cent shipments to that sector during the comparable periods in 1975.

The steel service center market also showed a substantial improvement as shipments rose 41.6 per cent in May to 1,343,000 tons.

Begins U.S. Navy aviation training

Airman Timothy Slavings, U.S. Navy, has been assigned for advanced training in aviation electronics at the U.S. Navy Training Center, at Memphis, Tenn.

A son of Mr. and Mrs. Sid Townes, 2634 E. 25th St., the serviceman is a 1975 graduate of Granite City High School South.

Slavings completed Navy recruit training at San Diego, Calif., prior to his assignment to the Memphis school.

Further information about the Navy's enlistment program may be obtained from Chief Petty Officer Harry Harris, U.S.N., recruiter, at 1210 Niedringhaus Ave., or by calling 877-0990.

Names, USA, MOM among popular license plates

If your first name or nickname is a short one, you will have a better chance of receiving some number in a three-letter combination on your 1977 license plate.

Secretary of State Michael J. Howlett announced that plates with 90 identifying names will be manufactured with 999

digits, the maximum for all three-letter plates.

The list includes combinations such as AMY, ANN, BEA, BEN, BEY, BOB, BUD, DAN, DAV, DEB, DEE, DEL, DON, DOT, EDY, EVA, EVE, FAY, FLO, GEO, GIL, GUS, GUY, HAL, IDA, ILE,

IRA, IRV, IVY, JAN, JAS, JAY, JEB, JED, JEF, JIM, JOE, JON, JOY, JUD, KAY, KEN, KIM, KIT, LEE, LEN, LEO, LES, LEW, LOU, LYN, MAC, MAE, MAX, MAY, MEG, MEL, MOE, NAM, PAM, PAT, PEG, RAY, RED, REG, REK, RIP, ROB, ROD, RON, ROY, RUS, SAL, SAM, SID, SIS, SOL,

STU, SUE, TAD, TED, TIM, TOD, TOM, VAL, VAN, VIC, VIV, VON.

Baseball fans also can request CUB and SOX plates up to 999 digits. Other popular combinations which will be manufactured with the minimum numbers are USA, MOM, DAD and POP. Majority of the combinations are limited to 50 or 100 digits.

"No license plate requests for registered vehicles are being processed without a pre-print renewal form. Mailing of these will start later this month and the deadline for accepting reassignment and special requests is Sept. 30," Howlett said.

Request period for new 1977 combinations was closed several weeks ago to prevent a surplus inventory of unused plates.

"Every year we receive applications for combinations which are not manufactured and for numbers which have been assigned and are protected by the reassignment statute," Howlett explained.

Information on the three-letter combinations being manufactured is available by calling the Secretary of State's toll-free number, 800-252-8980. There is no list of open numbers in any series.

Wheat virus found in corn

By RON CORNWELL
Extension Farm Adviser

The problems with the wheat streak mosaic virus are not confined to wheat. The virus has been identified in sweet corn in Madison County.

Little is known about the extent of damage probable in sweet corn. The virus can occur in dent or field corn. However, it is not likely to be a serious problem in field corn since a majority of the corn inbreds and hybrids have a high degree of resistance to the virus.

The major problem for Madison County with the wheat streak virus will not be in corn but damage to the 1977 wheat crop to be planted this fall. The wheat streak mosaic virus was widespread in Madison County this year.

The virus overwinters on volunteer wheat, corn and certain wild grasses. Volunteer wheat is our biggest problem since wheat is a good host for both the wheat curl mite and the virus. The virus is spread by the wheat curl mite.

The only control for the disease is good sanitation. The curl mite cannot survive longer

than a few days without a host plant. Therefore, all volunteer wheat must be controlled for two weeks or more before wheat is planted in the fall. The best methods of control are clean plowing or killing the wheat with a herbicide.

It should be remembered that fall infected wheat will suffer an 80 to 100 per cent yield loss from the virus. This past year only a few fields were fall infected with the majority being spring infected. Spring infected fields suffer smaller losses.

The situation will be different this fall. With a lot of virus infected volunteer wheat present in the county, the chances of fall infection in many fields is very great. This makes it very important that farmers do a good job in controlling the volunteer wheat this fall. Since the wheat curl mite can be carried a mile or more by wind, the disease can be easily spread.

The Madison County Agriculture Extension Council wheat plots have been harvested on the Joseph Wetzel farm. The plots are located on

the New Douglas road.

Bob Henschen seeded the plots on Oct. 13, 1975, and harvested them on June 30. The top soft wheat variety this year was Arthur 71.

There were five soft wheat varieties in the plots. The test weight was exceptionally good on all varieties. The yields were Arthur 71 - 52½ bu.; Oasis - 52 bu.; Abe - 51½ bu.; Doublecrop - 49½ bu.; and Blueboy II - 49 bu.

Doublecrop was a new variety in the soft wheat plots this year. The variety is about 6 days earlier in maturity than the other soft wheat varieties. In St. Clair County, Doublecrop didn't do particularly well as compared to other soft wheat varieties.

This was a good year for hard wheat. The yields for the hard wheat plots were Centurk - 61 bu.; Trison - 61 bu.; Homestead - 51 bu.; Gage - 47½ bu.; Parker - 46½ bu.; and Sentinel - 46½ bu.

Madison County farmers interested in hay production will want to attend the hay field day scheduled July 17 at the Harri Barrard farm near Fairfield, Ill. in Wayne County. The program will feature a demonstration of balers, stackers, hay handling and storage equipment. Dr. Kaiser and Dr. Faix, both forage specialists from Dixon Springs, will be featured speakers on the program.

Rules public meetings must be open for bid discussions

Attorney General William J. Scott has issued a legal opinion that the Public Meetings Act requires that meetings of public

building commissions to interview prospective bidders for construction projects, must be open to the public.

Peoria County State's Attorney Michael M. Mihm had questioned whether meetings held to discuss bidders' personal financial conditions, available personnel and equipment, and scheduling of other work were exempt from the act because they were investigative in nature.

The Public Meetings Act permits closed sessions "to consider information regarding appointment, employment, or dismissal of an employee or officer."

Scott's opinion noted that prospective bidders are independent contractors and therefore do not qualify for the exemption applying to employed personnel.

The attorney general said, however, that the act permits meetings to be "closed" when so required by a federal regulation. A federal regulation could apply when a project is supported by federal funds.

Yard part of outdoor living

A backyard can be part of an outdoor living area if it is comfortably attached to the house.

The outdoor living area should have the same features as a room in the house. It should be comfortable, accessible and useful.

To start with, the outdoor living area needs some type of surfacing. Lawngrass provides a cool and pleasant place to sit and lie in hot weather as well as a good play surface for small children. But, a terrace or patio (the picnic area) is usually developed with a hard surface.

Patios should be situated close to the kitchen and living room. Make it easy to get to the patio by raising it to the same level as the kitchen or patio door. More than one step between the house and patio creates an unconscious barrier between the two.

The size of an outdoor dining and social area need not be large if it is comfortably attached to the house and has

easy access to the lawn area. Broad terraces on adjoining steps from the patio to the lawn joins these areas to create an extensive outdoor living area.

And finally, since children outgrow their need for a restricted play area, locate the play area and sand box so that it can eventually be incorporated into the landscape as a flower bed or small garden.
